GUGGENHEIM THUGS AMBUSH ENGINEERS

Surveying Party in Alaska Ambuscaded by Hired Assassins Who Fire on Employes of Rival Concern.

GIVEN NO CHANCE TO FIGHT FOR LIVES

Seattle, Wash., Sept. 26.—A dispatch to the Post-Intelligencer from Valdez, Alaska, says:

Forces of the Guggenheim railroad, the Copper River and Northwestern, shot and wounded six surveyors and workmen employed by the Alaska-Nome railway, in Keystone canyon, fifteen miles from Valdez, yesterday. The party was making a preliminary survey for the Nome railroad, which is planned from Valdez to the summit. They had advanced about 100 yards up the canyon when they were surprised by an ambush of the Guggenheim men headed by Edward Hassley, an ex-United States marshal. Hassley called to the surveyors and ordered them to stop, saying his men would shoot if any further advance was made. The surveyors believed Hassley was bluffing and continued working. They were met by a fusillade of bullets.

NO CHANCE TO MAKE A FIGHT.

Portland, Ore., Sept. 26.—A cablegram to the Oregonian from Valdez states that only meager details have been received of the fight, but that it is reported that one man was killed and that three more may die from their wounds. The cable says that the wounded men were shot at from ambush and had no chance to escape or make a fight. It is stated that deputy United States marshals armed with rifles left immediately for the scene to capture the guilty persons. One of the men shot is named Hickman. The Valdez advices state that popular feeling is running high and that citizens are talking of wreaking summary justice, should the men who did the shooting be caught.

MAN 85 YEARS OLD MURDERER AND SUICIDE

Beats Wife, Aged 83, to Death and After Confessing Takes Poison.

Elgin Ill., Sept. 26.—Cyrus Baldwin, 85 years of age, one of the wealthiest residents of Kane county, killed himself today by eating Paris green after he had confessed that he had murdered his wife by smashing her skull with a hammer.

Mrs. Baldwin was found dead yesterday and it was believed that she had been murdered by her husband, although there was no direct proof of the fact. Today Baldwin confessed that he had killed his wife after a quarrel.

With her skull crushed, her body lying in a pool of blood, Mrs. Baldwin was found in her home at Hampshire, twelve miles north-east of Elgin, at 5:40 o'clock yesterday morning. She died yesterday afternoon without regaining consciousness.

Apparently Mrs. Baldwin had been attacked while asleep, some time between midnight and dawn. A blood-stained hammer was found in the woodshed at the rear of the house.

Although well known and respected pioneer residents of Kane county, the aged couple had been quarreling for some time, it is said. Neighbors say "Uncle Silas," as he is known, spoke of his troubles Tuesday, when he told a relative "I'm going to put a stop to this quarrel."

When arrested by State's Attorney John R. Powers, Baldwin disclaimed all knowledge of the crime. Later he is said to have told his nephew, D. B. Baldwin, a farmer living near the village, that he struck his wife with the hammer, smashing her skull.

WILL ASK MOFFETT TO TELL WHAT HE KNOWS

Judge Landis Issues Subpoena for Head of Indiana Oil Concern.

Chicago, Sept. 26.—James A. Moffett, president of the Standard Oil company of Indiana, has been served with a subpoena commanding his presence before the federal grand jury in this city on Tuesday next.

Mr. Moffett will be asked to substantiate his statement that other shippers in the vicinity of Whiting, Ind., have been as guilty as the Standard Oil company which was recently convicted of accepting rebates from the Chicago and Alton railroad.

JADDIS IS UNDER ARREST.

Monroe County Man Who Killed a Whitecapper Must Answer.

Bloomington, Ind., Sept. 26.—Thomas Jaddis, who shot and killed Jesse Robinson, while the latter with two masked companions was trying to forcibly enter the Jaddis house to whitecap the owner, was arrested today. Jaddis shot after his front door had been beaten down with a rail by the would-be whitecappers. Many petty thefts had occurred in the neighborhood recently, which may have had something to do with the attack on the Jaddis house.

NAME FOR NEW BATTLESHIP.

Washington, Sept. 26.—North Dakota will be the name of battleship No. 23, one of the new 20,000-ton vessels, contracts for which were recently awarded by the navy department. The other vessel as heretofore announced, will be called the Delaware.

SIR THOMAS BOUND TO HAVE A RACE ANYHOW

Rejection of First Challenge Moves Lipton to a Statement.

London, Sept. 26.—Sir Thomas Lipton is bitterly disappointed at the failure of the New York Yacht club to accept his challenge for another series of races for the America's cup and is anxiously awaiting official information on the subject through the Royal Irish Yacht club, which he hopes will give in detail the reasons for the American club's action. In an interview today Sir Thomas said he could not understand why his challege had not been accepted, as he had been led to believe that if he challenged under the universal rule which prevails for races in the United States there was every possibility of his challenge being favorably received.

He added, however, that he had not given up hope of sending a yacht to Sandy Hook in 1908 and already had telegraphed to Wm. Fife, the designer, to come to London for consultation.

Bars the Old Rule.

There was but one thing which Sir Thomas was emphatic about and that was that he would not challenge under the old rule. One reason for this is that there is no designer of note in Great Britain, which includes both Fife and Milne, who will design a boat similar to the previous Shamrocks. They say that to do so would necessitate the production of even a greater freak than those which have already gone to defeat. Besides, the danger of sailing such a boat across the Atlantic must be taken into account. Sir Thomas is not prepared to again risk the lives of men in such a venture.

Sir Thomas, however, authorized the Associated Press today to say that he was prepared to challenge with a ninety foot boat under the New York Yacht club rules.

"In sending the challenge," said Sir Thomas, "I conformed with the deed of gift of the America's cup, which says that sloops must be over sixty-five feet on the water line and under ninety feet. I adhered in this respect to size, inasmuch as the boat I challenged with would have been about seventy-six feet on the water line. This also conforms with the New York Yacht club's rules for the 'class J' boats.

Will Enter Ninety Foot Boat.

"I am prepared now that they have declined to accept my challenge for this class of boat, to enter a ninety-foot boat under the New York Yacht club rules. There is no class expressly defining such a boat, but the next class 'H,' providing for boats of eighty-two feet rating, is capable of producing a boat up to about ninety-four feet on the water line."

In explanation of his action in challenging under the New York Yacht club's rules, Sir Thomas said: "The 'international rule' which applies to Great Britain, France, Germany, Spain and Portugal is different from the rule now existing in the United States, which is known as the 'universal rule,' and which has been in use in America for three or four years and under which dozens of boats have been built. Some of the most famous, such as the Queen, Effort, Avenger, Istalena, Winsome and Neola, are well known to yachting men. On the other hand a boat has never been built in Great Britain under the 'universal rule,' so that in making my challenge I had no pull and was not asking any advantage. It was quite the other way. The American designers and builders, with their experience in building boats under the 'universal rule,' have all the best of it."

Shamrocks Were Freaks.

"Freaks such as the three Shamrocks' which I have been racing with for eight or nine years, were built

VARIOUS COMMITTEES CHOSEN BY THE CONFERENCE

North Indiana Free Methodists Get Into Work of the Session.

Getting its work well under way, the twenty-second annual North Indiana conference of the Free Methodist church, in session at the church on East Creighton avenue, today named the following committees:

On Public Worship—Bishop W. A. Sellew, Rev. C. W. Wade, Rev. W. T. Loring, Rev. H. C. Ingersoll.

On Education—W. T. Loring, James Connolly, Ethel Williams.

On Publications—R. H. Clark, L. Pletcher, Roy Morrison.

On Reforms—D. D. Marison, J. Cryer, W. T. Hepner.

On Sunday Schools—T. J. Russell, Bertha Stearns, Nettlo Newmire.

On Collecting Funds for Publishing Minutes—J. D. Reynolds.

On Examining Quarterly Conference Records—S. H. Matthews, J. B. Robinette, J. M. Jolly.

On Ministerial Relations—H. C. Ingersoll, W. C. Wolford, S. H. Matthews, J. Cryer, E. J. Bean, B. R. Parks.

Bishop Sellew conducted the devotional service at the opening of the conference today, and at its close Rev. S. W. Stone, of the Michigan conference, was presented. Rev. Stone is here to present the Spring Arbor seminary to the commendation of the conference.

New Ministers Admitted.

A number of young clergymen who have completed the prescribed course of study were received into full connection by the conference and were elected to deacon's orders. They were J. D. Reynolds, Wabash; William Archer, River Park; R. B. Parks, South Bend; and E. Melott, Laporte.

Characters of the following clergymen were passed: W. T. Loring, presiding elder Knox district; C. W. Wade, presiding elder Fort Wayne and Union City districts; T. J. Loring, Crown Point; H. C. Ingersoll, Fort Wayne.

Assignment of ministers for the coming year will be made on Saturday. The appointments are made by the stationing committee and announced by the bishop. The stationing committee is composed of Bishop Sellew, H. T. Hepner, Knox; Lester Pletcher, Columbia City; Rev. C. W. Wade and Rev. W. T. Loring.

The sermon this afternoon was delivered by Rev. D. D. Martson, of Upland. Tonight Rev. S. W. Stone, of Spring Arbor, Mich., will preach. The conference will continue in session until Saturday. The attendance is regarded as exceptionally good.

JUSTICE TANCEY HOLDS COURT WITHOUT AN ATTORNEY

Hears Testimony of Prosecuting Witness and Acquits Jennings.

Justice M. J. Tancey held court today without the presence of a lawyer and at the end of a rather wordy session he acquitted John W. Jennings, a negro, of the charge of assault and battery preferred by Catherine V. Warfield.

When Jennings went to his room at Curry's on Lafayette street Wednesday night he found the Warfield woman there, a fact that she admits but she says there was no other reason for her presence other than to show him how to fix the bed covers to keep him warm, although she admitted a relationship that had continued for three years without sanction of the law.

He stated that he wanted to eject her as he had tired of her and that in the gentle process of elimination he inserted one of his fingers in her mouth and caught her by the jaw to make her understand she was "detrop." She sought vengeance through the medium of an assault and battery affidavit. The prosecutors are all tied up with the grand jury so the justice took the matter into his own hands. He heard the woman's story and then the man's and then he heard a duet in which both attempted to tell him things at the same time.

At the conclusion he told the woman she had no business in the room although she insisted she was the housekeeper and was there in the performance of her duties, but this cut no figure with the justice and he entered a verdict of acquittal.

STEALS TO EKE OUT SMALL PAY.

Postoffice Employe Unable to Support Family on $30 a Month.

Philadelphia, Pa., Sept. 26.—Because he stole a dollar from a special delivery letter so that he could buy food for his hungry wife and grandparents, Frank Robbins was arraigned yesterday before Commissioner Craig and held for trial.

Robbins was employed by the postoffice department at $30 a month. He was married a few months ago. On his meager salary he undertook to care for his wife, mother and grandparents.

"We would get along until just about the end of the month and then there would be nothing left," he said. "I frequently went to work hungry. One day I was given an envelope to deliver by special delivery and I opened it. In it were $1 in bills. I took only $1 and bought four pounds of beef, four loaves bought four pounds of beef, four loaves cake of yeast and some potatoes."

Robbins' story made such an impression on the postal authorities that steps will be taken to get his release on bail. A collection to stock the larder at the Robbins' home was taken up.

THEN LITTLE RUBIE GOT HER RIFLE AND FIRED

Ohio Lad in Party of Roysterers is Shot by a 16-Year-Old Girl.

Columbus, Ohio, Sept. 26.—Edward Wendell, aged 18 years, was rushed to St. Anthony's hospital from Nelsonville today with a bullet hole in his intestines. He, with some companions, had gone to a cabin occupied by Mrs. Cullison and her daughter Rubie, aged 16 years, and were having a good time when the girl suddenly opened a door and fired at the crowd with a 22-caliber rifle. The boys ran. Wendell, who did not know that he was shot, lay under a tree until early today, and then went home, and it was found that he was seriously wounded and in a dangerous condition.

KOENIG SHOOTING WILL BE INVESTIGATED BY JURY

Coroner Files Verdict and Advises Prosecutor of Facts.

While he is thoroughly convinced that the shooting of Charles Koenig, Jr., on the Roebuck farm Saturday was accidental, Dr. J. E. Stults, the county coroner wants the grand jury to pass upon the matter and has advised Prosecutor Dan B. Ninde of the circumstances.

His finding in the case is that Koenig came to his death by reason of the unlawful possession and handling of a revolver in the hands of Claude Miller and he adds that it was handled in a dangerous manner. He is not fully satisfied with the testimony and wants the affair more fully looked into.

Miller is a minor and there is a provision against selling or giving a pistol or other deadly weapons to persons under twenty-one years of age. The coroner ascertained where the weapon was bought and this phase of the case will probably be looked into. The fine in case of conviction is not less than five nor more than fifty dollars. Several examinations of the witnesses have been made and the coroner has exhausted all means in his power to get at the facts.

AGED WOMAN'S NECK IS BROKEN BY FALL IN A STORE

Mrs. Maria Hill Met Unusual Death as She Entered Grocery.

Falling from some unknown cause as she entered the grocery store of Henry C. Rippe, at 1509 Taylor street, at 3 o'clock Wednesday afternoon, Mrs. Maria Hill sustained a broken neck and died instantly. She was 77 years of age and resided with her daughter, Mrs. Frederick Ziegler, 3 Hale avenue. As the aged woman entered the store she uttered the words "I want—" but fell before the sentence was completed. Other persons in the store hurried to her side, thinking she had merely fainted. A physician who was at once summoned found that the aged woman's neck had been broken by the fall and that death had been instantaneous. No one can offer any explanation for the fall except that the aged woman may have grown suddenly faint. It is said that she did not stumble, but merely fell heavily to the floor.

Mrs. Hill was the widow of the late Frederick Hill, who died about two years ago. She was a native of Germany and is survived by six daughters—Mrs. Matilda Maddux, of Kansas City, Mo.; Mrs. Clara Zeigler, of this city; Mrs. Lizzie Bumbaugh, of Warsaw; Mrs. Maria Marchland, of Sylvis, Ill.; Mrs. Lucy Carrick, of Nine Mile, and Mrs. Caroline Marchand, of Fort Wayne. Mrs. Hill had long been a member of Bethel Evangelical church.

A. R. WALTER IS BETTER.

Improved Condition Follows Severe Congestive Attack.

A. R. Walter, the well known grocer, is reported as considerably improved today following two severe congestive attacks affecting the brain which he sustained yesterday afternoon. The first came upon Mr. Walter at 4 o'clock while he was conversing with a traveling salesman in his store, and he fell to the floor unconscious. Removed to his home, there was a recurrence of the attack at 7 o'clock last evening. The siezure seemed at first to be of an oppolectic nature, but there was no paralysis manifest, and today the patient seems very much brighter, and his condition is regarded as much more favorable. Dr. L. E. Brown, who was called to attend Mr. Walter, expressed the belief this afternoon that if there are no ensuing complications, the patient will be able to be about again in a few days. Mr. Walter is a prominent veteran, has been active in political affairs and but a few weeks ago was appointed Deputy United States marshal to succeed the late John A. Scott. He had been engaged in the performance of some of his official duties but a short time before he was stricken.

AMERICAN BANKERS TALK CURRENCY REFORM

Commission's Report on a Better System Given to Convention.

Atlantic City, N. J., Sept. 26.—The question of reform in the currency system of the United States came before the American Bankers' association today when the report of the currency commission appointed by the association at St. Louis was submitted by A. Barton Hepburn. The committee endeavored to secure legislation to correct certain evils in the currency system, but failed. The commission's idea was to obtain more privileges in the issuance of circulating notes and thus relieve the condition of stringency in the money market. It is expected there will be opposition to the adoption of the report from delegates representing banks in the south and west. They believe the legislation favored by the commission would benefit only the large banks, and they will make a fight for legislation that will give equal benefit to the smaller banks.

Besides an address by Mr. Hepburn, Congressman Charles N. Fowler, chairman of the house committee on banking and currency, will make an address reviewing the currency commission's report. His address in general will be a reply to those opposed to the adoption of the report.

Before considering the currency question there was a spirited contest over amendments changing the method of electing members to the executive council. The amendment recommended by the committee, having the matter in charge, was adopted and hereafter the executive council will consist of 57 instead of 39 members. The currency question was then introduced by Mr. Hepburn who addressed the convention on the plan recommended by the currency commission of the association.

The convention by a viva vote approved the Hepburn bill which favors credit currency. The convention voted to continue the currency commission, giving it power to increase its membership if occasion required. Adjourned.

INDIANA LIVE STOCK SHIPPERS TRY TO ORGANIZE

Not a Large Attendance at Meeting Held in Indianapolis.

Indianapolis, Ind., Sept. 26.—There was not a large attendance of live stock shippers of the state in this city, but the number was large enough to justify a continuation of the effort to organize a shippers' commission firm at the Indianapolis stock yards, and a meeting is called for October 10 to complete the organization. W. B. Hiber, of Flora, acted as chairman of the meeting.

The situation was well discussed. Some shippers had complaints about some of the commission firms at the yards; others found no fault with treatment received at the yards in their many years of business dealings there. Nevertheless, it was decided that it might be profitable for independent shippers of the state to have their own commission firm at the yards, and it was decided to go ahead and organize a company. The shares will be $100 each and each shipper will be allowed one share. It is expected to capitalize the company at $10,000. A. G. Burkhardt, of Tipton, was selected as corresponding secretary and will notify shippers of the state of the proposed plan and invite subscriptions.

Said one of those present: "We are not going to antagonize the commission firms now at the yards; that is not our idea at all. We simply believe we can do better for ourselves by having our own members represent us at the yards."

Fifteen shippers at the meeting agreed to take stock.

ADMITS HE TRIED TO BRIBE JUROR IN OIL CASE

Man Arrested at Findlay Says He Tried to Get a Hung Jury.

Findlay, Ohio, Sept. 26.—L. B. Williamson was arrested yesterday on an indictment charging him with attempting to bribe Chase Thompson, a juror in the case of the state of Ohio against the Standard Oil company, which was tried in the court of common pleas here last June before Judge Duncan. He was held in court by Judge Duncan.

Mrs. Chase Thompson said that Williamson approached her and asked her to persuade her husband to agree and hang the jury in the Standard oil case. The final vote of the jury was 8 to 4, the last opposing conviction.

Williamson in a statement made in the county jail today, admitted that he had made the proposition to Mrs. Thompson, saying that her husband would be paid from $500 to $1,000 should the jury disagree.

WILL OPEN BIDS TONIGHT.

Knitters' Avenue and Sidewalk Matters to Be Considered.

The board of public works at its session tonight will open bids for paving Knitters' avenue with brick and for cement sidewalks on the west side of Beaver avenue from Home avenue to Packard avenue.

Today the board let the contract for laying water mains in Forest park to Albert Pence. The bids received at the meeting yesterday, were as follows: C. L. Olds & Sons, 31 cents a foot for 12-inch pipe and 27 cents for 8-inch pipe; Albert Pence, 27 cents for 12-inch pipe and 20 cents for 6-inch pipe.

ROOT IN INDIANAPOLIS.

Secretary of State and Family En Route to Mexico.

Indianapolis, Ind., Sept. 26.—Secretary of State Root accompanied by his wife and daughter and his secretary, reached here at 1:30 this afternoon on his way to Mexico. Among those who called on him during his stay of ten minutes in this city, was Vice President Charles W. Fairbanks. Mr. Root said there was no special question to be discussed by him with President Diaz. His visit was largely of a social nature and was in intent similar to his trip to South American countries last year.

HOW OIL OCTOPUS SIDESTEPS LAWS

Pipeline Built to Serve as Common Carrier, With Nothing Doing, According to Payne.

NOMINAL COMPLIANCE WITH HEPBURN ACT

New York, Sept. 26.—C. M. Payne, who has general supervision of the pipe lines of the Standard Oil company, on cross examination today at the hearing of the federal suit against the oil combine, testified that the pipe lines of the New York Transit company or the National Transit company, which it is some times called, were public carriers, and as such, to conform to the Hepburn law, had built a delivery station at Unionville, and quoted tariffs for oil shipments to that point. Mr. Payne said that the pipe line of the Standard from Unionville to tidewater was a private line and not amenable to the Hepburn law.

John G. Milburn, chief counsel of the defendants, while the government's counsel was endeavoring to find out who advised that tanks be built at Unionville, interposed and said that he had advised it and thought it good legal advice.

COULD REMEMBER SOME THINGS

Pipe Line Man Payne Gives Some Interesting Testimony.

New York, Sept. 26.—The pipe line station of the National Transit company, a Standard Oil corporation at Center Bridge, Pa., on the New Jersey state line, which the company contends is a terminal station, was built in 1906 on the advice of John G. Milburn, of counsel for the company. Mr. Milburn is representing the Standard Oil company in the federal hearing now in progress in this city. It is contended by the government that the Center Bridge station was built as a pipe line between New York and Brooklyn?"

"I do not know," answered Mr. nominal delivery point in 1906 to evade the Hepburn act which provided that pipe line carriers shall submit schedules of tariffs to their terminals. It is the government's view that the company's real terminal is Bayonne, N. J.

In today's hearing, Frank B. Kellogg, for the government, asked C. H. Payne, an employe of the Standard, who advised the building of the delivery tanks at Center Bridge.

"I did," interposed Mr. Milburn, "for I thought under the law that there should be a delivery point. I thought it excellent advice."

"I don't," said Mr. Kellogg.

Merely Tank and Pumping Station.

Mr. Kellogg asked the witness the location of Fond Grove.

"It is on the state line between Pennsylvania and Maryland," said Mr. Payne.

"What pipe line companies connect at Fond Grove?"

"The National Transit company line connects with the pipe line of the Standard Oil company of New Jersey," answered the witness.

"Is there anything but a tank and pumping station at Fond Grove?"

"I do not think so," said Mr. Payne.

Mr. Kellogg spread upon the record that several pipe lines of subsidiary companies of the Standard made a shipping point at Marcus Hook, Pa., and that the oil through the pipes came from Cygnet, Ohio.

"Do you know if the Standard has

POSSE IN PURSUIT OF A COLORED SLAYER

Strangler of the Chicago Teacher Was Thought Besieged in Barn.

Chicago, Sept. 26.—Richard Walton, the negro wanted for the murder of Mrs. Lillian White Grant, the teacher, who was found in her room strangled to death several days ago, was said to be surrounded by the police in a deserted building at Summiti, Ill., twenty miles south of the city. He was reported as being barricaded strongly and to be abundantly supplied with weapons and ammunition. Including a force of police, who left the city shortly before 9 o'clock, about fifty officers are on the ground.

Police Inspector Revere last night received word that Walton had fled from the city and gone to Summiti. He followed the clue and early today telephoned that he had Walton surrounded, but that his men were too few to make capture certain, and he requested that additional officers be sent.

Within a few minutes after the receipt of his message an automobile containing Chief of Police Shippey, Assistant Chief Schuettler and several detectives armed with rifles were on their way to Summiti.

Walton has the reputation of being a desperate man and it was believed he will fight to the last rather than face a trial for murder.

After the police reinforcements had reached Summiti it developed that the telephone message from Inspector Revere had been garbled in transmission and that the police did not have the man surrounded in a building. Instead, a large posse of farmers led by the city police, were scouring the country for a colored man who had been seen in a cornfield, and who bore a striking resemblance to the description of Walton. At last accounts the fugitive had a strong lead and the pursuers were not gaining on him to any appreciable extent.

HAVE ENTERED HORSES.

Owners of horses who have entered their speeders for the race matinee at the driving park Saturday afternoon include Charles Freistoffer, Jap Compton, Harry Wiebke, Frank Belchin, Frank Offner, John Offner, C. Laughlin and H. W. Tapp.

LEAP IN PANIC FROM CAR.

Passengers See Motorman Jump From Runaway and Dive From Windows.

Evansville, Ind., Sept. 26.—Seized with a sudden panic when they saw the motorman of a runaway car jump from his platform, four passengers of an in-bound Walnut street car yesterday leaped on a stiff grade and were injured. Mrs. John James, holding her 1-year-old baby tight in her arms literally dived off the car. She rolled over and over and was knocked unconscious. The baby was uninjured. The mother may die.

OVERCOAT WAS MISSING.

Frank Hayes, of 2416 Thomas street, reported to the police today that he left his overcoat on his wagon at the transfer corner and when he went back it was gone.

TROUBLE HATCHERS ARE ARRESTED IN CUBA

General Parra and Ducassi and Laramiret in Custody.

Havana, Cuba, Sept. 26.—The secret police early today arrested General Masso Parra and a little later took into custody General Juan Ducassi and General Laramiret, charged with conspiring against public order.

The conspiracy to start a revolution in Cuba has been known to Governor Magoon and other officials of the provisional government for some time. Announcement of it was made last night.

Under instructions issued by Governor Magoon, a number of suspicious persons have been shadowed for several days. It is said that the movement is backed by New York capitalists.

Governor Magoon has been aware for several days past that certain individuals were conspiring against the government, but he did not attach to the matter much importance owing to the fact that these persons were under constant surveillance, and that the Cuban rural guard and the American forces in the island had been so assigned as to be able to crush any such movement in a few hours' time.

A report was current here last night that a number of local merchants had met for the purpose of informing The World of the actual situation in Cuba. Careful investigation proved this rumor to be absolutely untrue.

AGITATION IS RAMPANT.

Washington, Sept. 26.—War department officials while admitting that agitation is rampant among the negro population in Cuba because of their failure to receive their proper share of the offices, discredit the probability of any uprising against the provisional government on that account. The negro population, composing 90 per cent, of the people who opposed Palma's government, claim they have not been fairly treated. A continuation of this agitation, it is admitted, might have a serious effect in driving some of the malcontents to attempted risings in isolated places, but Governor Magoon is said to be prepared to prevent anything like an insurrection.

TRIED TO INVOLVE NEWSPAPER.

New York, Sept. 26.—Cuban conspirators, whose plot to overthrow the provincial government has been thwarted by Governor Magoon, in Havana, attempted apparently to use The World to further their design.

An unsigned cable of 182 words was received by the newspaper, several hours before the news of the plot became public, stating that a meeting of prominent merchants of Havana had been held Monday night and a resolution had been adopted to inform The World of the true state of Cuban affairs. The message then said

under a measurement rule which now does not exist in any part of the world, and to prevent such freaks from being raced in America the Universal rule was adopted. So, naturally, I concluded that by challenging under the universal rule I was meeting all the wishes of those interested in the sport. After a race, win or lose, a boat built under such a rule is of some use, the winning boat being an example to naval and marine architects, whereas in the other case the boat is only fit for the rubbish heap and the education of designers.

"I was prepared to build two boats and take the fastest of the two to the starting line, had the New York club given me permission to do so. I have always found the members of the New York club to be ready to meet my every request and it would be impossible to get better men to sail against, and of course, I am not sorry that they did not accept my challenge, the reasons for which I am anxiously awaiting to know. I certainly would not have sent a challenge had I thought for a moment that it would not have been accepted, and I hope that any difficulty in the way of a race for 1908 will be overcome, as I would love once more to find myself off Sandy Hook, fighting over again the old battles for yachting supremacy."

REJECTED LIPTON'S CHALLENGE

New York Yacht Club Turns Down Irish Baronet's Offer.

New York, Sept. 26.—Sir Thomas Lipton's challenge for another race for the American cup was presented to the meeting of the New York Yacht club last evening and declined.

The challenge called for a race for boats built under the new rule, to rate in the sixty-eight foot class, and asked permission to build two challengers and sail with the fastest. But it failed to comply with the deed of gift in stating any water line or other dimensions of the challenging boat and was turned down for this reason.

Vanderbilt Does Not Explain.

Commodore Cornelius Vanderbilt, of the New York Yacht club, when shown Sir Thomas Lipton's statement that he is prepared to challenge for the America's cup with a ninety foot boat under the New York Yacht club rules, said today that the resolutions adopted by the New York Yacht club last night fully defined the club's position. He declined to indicate which particular declaration in the resolutions applied to Sir Thomas' offer or to make any comment on that paragraph of the resolutions which declares that no agreement should be made requiring contesting vessels to be constructed under the present rule of the New York Yacht club, limiting the boats to the "wholesome type."

HOW OIL OCTOPUS SIDESTEPS LAWS.

Payne. "I have heard of it and read that there was a pipe line under the Hudson and East rivers."

Familiar With Company's Affairs.

"And as vice president of the trunk pipe lines you don't know if there is a pipe line between New York and Brooklyn?"

"I have heard that there was, but don't know of it of my own knowledge," said Mr. Payne.

"Now, let us see what your duties are as vice president of the National Transit company," said Mr. Kellogg.

"Well, principally to sign my name to papers," answered Mr. Payne.

"Do you read these papers?"

"I read some of them," replied Mr. Payne, who stated that many papers were submitted to him for signature by the directors and officers.

Mr. Payne testified that he believed that previous to 1905 the National Transit company operated the pipe line between Unionville and Bayonne, N. J., which is now operated by the Standard Oil company of New Jersey. Mr. Payne said that he received monthly reports from the pipe line companies concerning the cost of operations.

Purchased No Oil.

Mr. Payne said that these reports were kept in the office of the controller of the Standard Oil company. The witness said the pipe line companies purchased no oil.

"Who purchases oil for the Standard Oil company?"

"Joseph Seep," said Mr. Payne.

"Has anybody else other than the Standard delivered any oil at Unionville?"

"I do not think so," answered Mr. Payne.

Mr. Payne said that the National Transit company issued certificates to shippers for oil despatched over its pipe lines. As far as he knew the company had never delivered any certificates to shippers for the delivery of oil at New York, Philadelphia or Marcus Hook.

"When Mr. Seep purchases the oil the order is placed under the account of P. S. Trainer," said Mr. Payne.

Mr. Payne said that he did not know who Mr. Trainer was, but that he had seen him at the Standard's main offices in New York. The witness said that the books of the pipe line companies were kept in various places throughout the United States. He said that no schedules of tariffs were published on oil delivered from the Ohio river to Toledo, Ohio.

Counsel said that this pipe of the Buckeye Pipe company was interstate. Mr. Payne said that the gathering lines of the Buckeye Pipe company connected with the trunk line into Indiana.

"Is this an inter-state commerce hearing?" asked Mr. Milburn.

Mr. Kellogg did not answer the question but developed from the witness that the Standard filed no tariffs for the delivering of oil at Coraopolis, Ohio; Warren, Ohio, and Bradford, Pa., where there were independent refineries and where the Standard had pipe lines.

Really Couldn't Say.

"Can you name a single independent refinery in the United States to which a single barrel of oil can be shipped under these tariffs? asked Mr. Kellogg.

Mr. Payne said that he could not say, as he was not familiar with all tariffs filed, whereupon Mr. Kellogg handed him the tariffs submitted to the inter-state commerce commission and asked him to look them over.

Mr. Payne looked over the schedule and returned it to the government's counsel without observation. Mr. Kellogg did not pursue the inquiry further along those lines, but showed the witness a map giving the location of the oil field, refineries and pipe lines of the Standard. Mr. Payne made some corrections on the map which was placed in evidence.

Mr. Payne was crossed examined by Mr. Milburn who developed from the witness an outline of the pipe line system with respect to its physical characteristics. Mr. Payne testified that there were private as well as public pipe lines. The pipe line of the Standard Oil company of New Jersey running from Unionville to Bayonne, N. J., is a private line, the delivering point of which for years had been at Unionville.

Men Who Are Alleged Big Swindlers Arrested In New York.

New York, Sept. 26.—Frank Halliday, alias Halfnak, and John Lane, alias Laurence, who were arrested last night at the request of the authorities in Minneapolis, were arraigned in the Tombs court today. Upon request or Postoffice Inspector Boyle who had been searching for the men a year, they were turned over to the United States commissioner for examination.

It is alleged that they were connected with a concern known as the Edward Vaughn company which three years ago informed farmers of the northwest that it had inside information on the rise and fall of the wheat market. Before the postal authorities stopped the operations of the firm something like $1,700,000 had been paid into it, it is said.

TO FOUND NEGRO COLONY.

Los Angeles, Cal., Sept. 26.—A project to establish a large colony of negroes in southern California is promoted by an association which is about to seek incorporation. Several million dollars is said to represent the wealth of the negroes back of the movement. One of the promoters is Lieutenant Colonel Allensworth, of this city, formerly a captain in the United States army.

PERKINS PRESIDENT OF INDIANA LABOR FEDERATION

Cries of "Non-Union" Was Raised Against a Terre Haute Candidate.

Muncie, Ind., Sept. 26.—The Indiana Federation of Labor yesterday elected the following officers: President, Edgar A. Perkins, of Indianapolis; first vice president, Wellington O'Connor, of Terre Haute; second vice president, O. P. Smith, of Logansport; third vice president, Harry B. Hoag, of Terre Haute; fourth vice president, Adolph Keppel, of Indianapolis; fifth vice president, John F. Tobin, of Muncie; secretary-treasurer, Clarence Gaumer, of Indianapolis; delegate to American Federation of Labor, Edgar A. Perkins, of Indianapolis; alternate delegate to American Federation of Labor, John F. Tobin, of Muncie.

The election was the liveliest that has yet characterized the convention. President Perkins probably prevented an interchange of hot words between delegates when the name of John H. Tobin, president of Muncie Trades Council, was placed in nomination for alternate delegate to the convention of the American Federation of Labor, by declaring that protests were out of order and that the chair would settle the matter by ruling that nominations were ever open.

Harry B. Hoag, of the Glass Bottle Blowers' association, of Terre Haute, protested Tobin's election on the grounds that in the event of his being sent in the place of Mr. Perkins to the American Federation meeting he could not be seated because the American Flint Glass Workers are not affiliated with the national organization.

Michael J. Clarke, of this city, a flint glass worker, heatedly refuted objections offered by Hoag. Tobin was given the floor and in a speech that was fervently delivered he is said to have "let the cat out of the bag."

Perkins Restores Order.

Mr. Tobin's remarks left the impression that Hoag's protest was the expression of the jealousy due to the keen rivalry existing between the flints and the greens. When Tobin concluded there was great confusion, which President Perkins ended by sharply applying his gavel to the bench. "The chair will hold," he said, "that nominations are open, and if any one is elected who is not eligible to a place in the convention we will let the future take care of it."

Hoag nominated George W. Burkhart after a speech to the effect that personal feeling had not led him to make the protest against Tobin. The vote gave Tobin eighty-one and Burkhart sixty-five. On Burkhart's motion, Tobin's election was made unanimous.

Possibly the greatest voting came when the election of a secretary-treasurer came before the convention. Clarence Gaumer, the incumbent was first nominated and the names of D. J. Williams, of Terre Haute, and Charles A. West, of Lafayette, were next presented. Many of the delegates, especially those representing the various bartenders' locals had an ax out for Williams, and the opposition to the Terre Haute nominee brought on his decapitation.

The bartenders charged Williams with having actively worked against their interests at Terre Haute and to make a stronger case against him they used a "non-union" cry. Williams, it was said, is prominently identified with the Y. M. C. A. institution at Terre Haute, and occupied such capacity when the Y. M. C. A. building was erected there. Non union labor, it was set forth, was employed in the construction of the building. Gaumer practically walked away with the honors, the ballots having registered the following results: Gaumer, 98; Williams, 25, and West, 26.

Attacks Legislators.

F. L. Feick, chairman of the legislative committee of the Brotherhood of Railroad Trainmen, was introduced for an address and flayed the record of many representatives in the legislature for being unfriendly to labor, and he also assailed Governor Hanly and Congressman Watson.

A resolution condemning the appointment of William Blakely as factory inspector as a political debt paid by Governor Hanly to Congressman James E. Watson, backed by the Manufacturers' association, was introduced and will be passed today. The resolution contains a declaration that the office of state factory inspector has been prostituted by Hanly and Watson and that neither is fit to receive the support of organized labor.

The exoneration of William D. Haywood by the jury at Boise, Idaho, furnished material for a resolution in which was incorporated a sentiment to send the acquitted miner a message of congratulations. The resolution further provides for the raising of funds with which to make a defense for Moyer and Pettibone. Another resolution will ask representatives to congress to vote in favor of wood pulp being put on the free list for the benefit of the newspapers. The convention closed by resolving to appoint a committee to draft a memorial to be read at the unveiling of the monument erected by Indiana organized labor to the memory of Edwin F. Gould.

Bartenders' Resolution Adopted.

Most of the forenoon was spent in consideration of resolutions presented by the Bartenders' League of Indianapolis. The resolutions were the same as passed at the annual convention of the bartenders in this city on Monday. The instrument calls for shorters hours and enforcement of the liquor and pure food laws. Considerable objection was interposed by some delegates on the assumption that the resolutions contained an ulterior motive fostered by the saloon-keepers. Nearly two hours' consideration was taken of the measure, and it was finally adopted by a fair majority.

A resolution was presented by John Chamberlain, a delegate from No. 61, G. B. B. A., Gas City, which asks for the appointment of a committee to examine the laws of other states where the free schoolbook system has been tried for the purpose of collection data in the preparation of a bill to be presented to the next legislature.

Many members of the last general assembly were denounced in the report of the legislative committee.

Last night a banquet was served by the local labor unions in honor of the visiting delegates. It was one of the most elaborate affairs ever spread in Muncie.

The convention is scheduled to adjourn at noon today, but probably will not finish its work until in the afternoon.

CITY BREVITIES.

Mrs. Hattie Lane has gone to Huntington for a short visit.

Herman Hesemeyer and bride will return Sunday from their honeymoon which they spent in Chicago, Milwaukee and Rome City. They will go to housekeeping at once on Oakley street where they have a house already furnished.

Rabbi M. Messing, of Indianapolis, who has been spending a few days at Mackinac Island, was in the city a few hours this morning on his way home, visiting his sons A. L. and Samuel Messing.

RIORDAN SETTLES WITH TRACTION COMPANY IN COURT

Man Who Was Beaten by a Motorman Accepts Compromise—Courts.

Before a jury summoned in the superior court today to try the damage suit of John J. Riordan against the Fort Wayne and Wabash Valley Traction company had been impanneled a compromise was reached by Harper and Eggeman and Barrett and Morris the attorneys in the case. The figures were not made public.

Riordan raised a disturbance on a Bluffton car on Jan. 31, of this year, and as he had been a troublesome passenger to deal with on previous occasions, the motorman went to the assistance of the conductor and the man was badly beaten. He had his assailant arrested and he was fined in the city court for assault and battery. The demand was $5,000.

Finding Ready Tomorrow.

In the injunction suit of the city against the telephone company Judge Heaton announced this morning that he was not ready to make his finding as new authorities had been submitted to him and Judge Chapin had asked for a written opinion. This will be delivered tomorrow morning.

Will Decide Saturday.

Additional testimony has been introduced in the divorce suit of Mary F. Franke against Edward G. Franke and Judge Heaton will give his finding on Saturday morning. The wife dismissed her complaint and the husband insisted on a divorce under his cross complaint.

Viewers Make Report.

In the commissioners court David Crabill, Charles Scheumann and John Bushman, viewers on the Clayton stone road in Madison township, have filed their report which will be held up ten days for remonstrances.

Working at Woodburn Murder.

The grand jury today continued its investigation into the murder of Marshal Columbus Croy, at Woodburn, and another batch of witnesses from the town were examined. A number who had been held in town several days requested a night session last night and it was held to accommodate them. The jurors were at work until 11 o'clock.

Court Notes.

In the suit of William E. Brinkman against Dr. Maurice Rosenthall an order was issued to take the deposition of the doctor at the office of Emrick & Emrick on October 2.

Articles of incorporation of the International Engineering company were filed today with the county recorder.

that there would be a general uprising today and tomorrow.

In language of alarm the message told of credit impaired, property in danger, and a general anarchistic demonstration to follow all for the purpose of "causing an embarrassing situation at Washington." It added that "if American troops shed Cuban blood a general uprising and open war against America will be inevitable."

Arms Taken to Interior.

Revolution leaders, the cablegram stated, were known to have taken to the interior arms and ammunition and machine guns, which had never been turned over to the provisional government.

"Give this the widest publication possible save situation," the dispatch concluded.

Inquiry as to the identity of the sender of the message disclosed that it was "Merchants association, 30 Zulueta street." The dispatch bore evidence of having been prepared by an experienced cable correspondent, but investigation shows there is no such association in Havana as the "Merchants." The address given is that of the conservative and exclusive Union club, and no knowledge of a meeting of merchants of any sort in Havana could be learned.

EIGHT INJURED IN FIRE.

Panic Ensues When Flames Attack Louisville Factories.

Louisville, Ky., Sept. 26.—Eight persons were injured in a fire here today which damaged the establishments of the McElroy-Shannon Spring Bed company, the Mayer Shirt Manufacturing company, the Paris laundry and D. W. Holmes' livery stable to the extent of $50,000. The injured:

Miss Effie Southworth, Robert Funk, Elmer Hornback, Leslie Baird, Fire Captain Harry Duncan, George Hamelman, salvage corps, Edward Rossemier and William Janesen.

There were 150 girls employed in the Mayer shirt factory and in the panic which ensued, Miss Southworth was injured and many had narrow escapes.

The president of the McElroy-Shannon company, lives in Carthage, Mo.

FLOOD TAKES MANY LIVES.

Large Death List and Heavy Damage Reported in Andalusia.

Madrid, Sept. 26.—Unprecedented rains in Andalusia have caused immense destruction of life and property. The Guadalquivina river has been converted into a raging torrent three miles wide, and bridges, houses and even entire villages have been swept away by the flood.

The streets in the lower part of Malaga, capital of the province of that name in Andalusia have been inundated and many families have been rendered homeless.

Considering the heaviness of the floods the loss of life has not been great. Thirty persons were drowned at Malaga, twenty-three at Velez le Benamirgoza, among them the mayor of the town; thirteen at Colemar and about 100 elsewhere in the valley.

MOROCCO TO HAVE PEACE.

Delegates of the Tribesmen Accept the Terms of France.

Casablanca, Wednesday, Sept. 25.—The hostages of the three Moorish tribes which have accepted the peace terms of General Drude, the French commander, were delivered today to the French consulate. Four other tribes sent delegates to the French camp in order to treat for peace.

After two hours' session the delegates accepted the peace terms in behalf of the tribes they represent.

HAD RESIDED IN FORT WAYNE OVER HALF A CENTURY

Mrs. Regina Brake Dies at Advanced Age—Other Deaths.

Mrs. Regina Brake, widow of the late Ulrich Brake, and for more than fifty years a resident of Fort Wayne, died at 4 o'clock this morning at the home of her daughter, Mrs. John Burlager, 1241 Summit street, at the age of 75 years and four months. Death was due to the infirmities of age, following an illness which had continued since April last.

Mrs. Brake was born in Esterwage, Hanover, Germany, in May, 1832, and came with her husband to America in 1856, locating in Fort Wayne. The husband, who was a sidewalk contractor, died in August, 1902. The deceased was a pioneer member of St. Mary's Catholic church and of the Rosary society of that congregation. Surviving relatives include three children—Henry H. Brake, a contracting painter; Ulrich G. Brake, an engineer for the Pennsylvania company, and Mrs. John Burlager, all of this city. There are fifteen grandchildren and one sister, Mrs. Barney Masbaum.

Funeral services Monday morning at 8:30 from the residence and at 9 o'clock from St. Mary's church.

PERKINS.

Frank L. Perkins, 52 years of age, a farmer residing at South Milford, Lagrange county, died at 10:30 o'clock Wednesday night at the Lutheran hospital in this city from cancer. He had been a patient at the institution about one week, and is survived by the widow and two daughters—Mrs. John P. Reed and Miss Alma Perkins.

The remains were shipped today to South Milford for funeral service and interment.

MADDUX.

L. M. Maddux, a promient resident of Markle, died late Tuesday afternoon at Hope hospital in this city after an extended illness from liver trouble. He was 41 years of age and unmarried.

The remains were taken to Markle, where funeral services were held today, conducted by Rev. R. L. Semans, of Fort Wayne.

REED.

Charles Reed, infant son of Mr. and Mrs. James W. Reed, 915 St. Mary's avenue, died Wednesday evening from convulsions at the age of seven months.

Funeral services Friday afternoon at 2 o'clock from the residence; Interment at Lindenwood.

LIBERTI.

Henry Liberti, an inmate of the state school for feeble-minded youth, died at that institution Wednesday from lobar pneumonia at the age of 34 years.

Interment at the institution cemetery.

FUNERAL ANNOUNCEMENTS.

Beitzell.—Funeral services of Mrs. Olive Beitzell will be held Friday morning at 9 o'clock from the residence, 903 Wall street, and at 10:30 from the M. E. church at Wallen.

Koenig.—Funeral services of Mrs. Louisa Koenig will be held Sunday afternoon at 1 o'clock from the residence in Adams township and at 2 o'clock from the Stock church.

Dr. Laurdick, of Lima, O., is in the city the guest of Dr. Maurice Rosenthal.

F. H. Scheumann, the funeral director, who was crushed between two street cars some days ago, begins to show some improvement and his condition is now regarded with more encouragement.

Four applicants for places as stenographer and typewriter in the government service will take the civil service examination at the postoffice building in this city tomorrow.

The undertaking establishment of N. W. Bloom has been removed to the Elektron building.

Mr. and Mrs. Anthony Gerard and their grandson, Clarence Gerard, have returned from a visit to their daughter at Williamsport, Pa.

M. K. Serailian, of San Francisco, is passing through the city. He formerly resided in Fort Wayne.

Frank Nipper and Harry Voirol went to Kendallville today to attend the fair.

Mrs. B. F. Hostetter, of South Hanna street, is recovering from a prolonged illness.

DEAFNESS

Many Fort Wayne People Cured of Ear Disease by Dr. Wells.

The success achieved by Dr. Wells, of this city, in his treatment of ear diseases is regarded as phenomenal by some of his patients who have been cured by him. A well known horse dealer from a neighboring city who was recently cured of a discharging ear and catarrhal deafness, after a half dozen other physicians had failed to benefit him said: "It is a wonderful treatment and I think every one ought to know about it. I had about given up all hope of being cured until I heard of similar cases being cured by Dr. Wells." This gentleman was not only deaf but suffered great pain at times. His is one of many similar cases cured by Dr. Wells. His office at 229 E. Berry street is equipped with every modern device for securing the best results in these cases.

ADDRESSES SPARKLE WITH WIT AND ELOQUENCE

Banquet Crowns Brilliant Program of Knights of Columbus.

With a brilliant banquet at Library hall and a reception and ball at the Knights of Columbus hall following the feast, the observance of the diocesan golden jubilee by Fort Wayne Knights of Columbus came to a close Wednesday night, and from first to last the effort of the knights was an unqualified success.

During the day a class of eighty candidates had been admitted to membership in the fraternity, and for the first time in the history of the order ladies were invited to participate in the banquet occasion. Covers were laid for 800 guests, and Library hall was a charming picture of artistic decoration.

Between two immense American flags at the rear of the stage was suspended the portrait of Father P. H. McGilvery, founder of the order of Knights of Columbus. The stage table, at which sat Dr. H. O. Bruggeman, the toastmaster, Rt. Rev. Bishop Alerding and the other speakers of the evening, was decorated with the papal colors, yellow and white, and the entire auditorium was decorated in the same color scheme, with the purple pennants of the Fort Wayne council at frequent intervals. Local and visiting clergy were assigned a table immediately in front of the stage, while other guests sat at seven long tables running lengthwise of the room, decorated with ferns, potted plants and cut flowers, with pink and red carnations and sprays of fern and smilax as favors of the evening. One hundred young ladies attired in white assisted in the serving, and Young's orchestra played while the guests were discussing the elaborate menu provided by Caterer Dan Clemens.

Started the Speech-Making.

In augurating the program of postprandial addresses, Dr. H. O. Bruggeman took occasion to express the thanks of the Fort Wayne council to the committee which had arranged the banquet event, and to the young ladies who volunteered their services in assisting. He declared that while every male Catholic in the city was proud of Fort Wayne, he was prouder still of the generous, devoted Catholic women of the city.

To Hon. W. P. Breen had been assigned the office of extending formal welcome to the guests, and he did it in graceful fashion. He dwelt at some length upon the bonds of fraternity which the Knights of Columbus throws about its membership, paid an eloquent tribute to the ladies whose refining influence was always for the better, and as state deputy voiced to the visitors a cordial welcome to Fort Wayne and to the banquet occasion.

Hon. George E. Clarke, of South Bend, speaking on "The Papacy," delivered one of the notable efforts of the evening. After some extraneous observations in lighter vein, Mr. Clarke turned to his theme and with eloquent tongue lauded the life and purpose of the holy father. His address disclosed a deep conception of the subject, and there was unstinted tribute to Pope Pius and praise for his subordinates of the church.

Jerome J. Crowley, of Chicago, editor of the Columbian and Western Catholic, spoke from the subject, "Our Heritage." His address, dealing somewhat with the history of the Catholic church and its helpfulness to people of today, was enlivened by many witty anecdotes that again and again moved the banqueters to laughter.

Was Warmly Applauded.

Rt. Rev. Bishop Alerding received an ovation as he arose to speak on "Education," and it was some time before he could proceed. In the course of his address Bishop Alerding expressed the belief that there was no diocese in the entire United States, not even in the entire world, in which the clergy was more devoted and faithful and in which they worked more harmoniously. He also said that there was no diocese in the world in which the laity was more submissive to the rightfully constituted authorities than the laity of the Fort Wayne diocese.

In speaking of education, the bishop laid great stress upon the importance of the parochial schools and stated that in the Fort Wayne diocese there was a seat in the parochial schools for every child of the Catholic faith and that the matter of educating the child in the Catholic faith was perhaps more closely looked after in the Fort Wayne diocese than in any other diocese in the country.

Patrick H. O'Donnell, of Chicago, had the closing address, his theme being "Patriotism," and as the eloquent speaker ended the audience rose to its feet and eight hundred voices joined in singing "America." Mr. O'Donnell defined real patriotism, and called attention to the fact that in the Catholic church were to be found many of the patriots whose names were enshrined in America history. He declared that for the grand old flag whose folds enveloped the stage the Catholic people of the United States had bled, suffered and died, and that the members of this great church today stand ready to bleed, suffer and die for their country. The teaching of the Catholic church, he said, is calculated to make patriots of its children and they will continue to be patriots so long as life shall last.

At midnight hundreds of the guests adjourned to the Knights of Columbus hall for a program of dances. The banquet event was in general charge of Adam A. Reinhart and Charles Snowberger.

Mothers with little children need no longer fear croup, colds or whooping cough. Bees Laxative Cough Syrup tastes good. It works off the cold through the bowels, clears the head. Guaranteed. Sold by Meyer Bros. Co., 3 stores, 602, 902, 1124 Calhoun street.

Don't Neglect It

It is a serious mistake to neglect a weak heart. It is such a short step to chronic heart disease. When you notice irregularity of action, occasioning short breath, palpitation, fluttering, pain in chest or difficulty in lying on left side, your heart needs help—a strengthening tonic. There is no better remedy than Dr. Miles' Heart Cure. Its strengthening influence is felt almost at once.

"I have used 10 bottles of Dr. Miles' Heart Cure and can truthfully say it has done me more good than anything I have ever used, and I have tried nearly everything that I know of. The doctor who attended me asked me what I was taking and I told him Dr. Miles Heart Cure, he said it was not going to do me any good, but it did. I have not taken any for a year now, and while there is occasionally a slight symptom of the old trouble, it is not enough for me to continue the use of the medicine. If I should get worse I would know what to do. Take Dr. Miles' Heart Cure as I did before. I consider myself practically cured of my heart trouble."
S. H. DUNNAM, Livingston, Texas.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

The Home Telephone company has just put into service an additional copper circuit between Auburn and Fort Wayne.

Company G, of the state militia, at Bluffton, will not disband and Henry Johnson has been elected to succeed Leon Locke as captain.

William Samuel Clark, of Warsaw, is now nearly 97 years of age and declares that he confidently expects to live to pass the century mark.

Rev. B. H. Truman has accepted a call to the pastorate of the Baptist church at Warsaw. He has held charges at Larwill and Frankfort.

Pirl Runyan, a former Wells county boy, was caught in a fly wheel of a gas engine on an oil lease near Albany Tuesday night and instantly killed.

Miss Hattie Rosebrugh, residing south of Warsaw, has just been given an eighty-acre farm valued at $4,500 as a birthday present from her parents.

Lee Dingman and Vernon Caldwell were given terms of from one to three years in the reformatory at Jeffersonville for stealing from Lake Shore railroad cars at Elkhart.

The court at Wabash has granted a divorce to Zimri Fawcett, but awarded the wife $2,500 alimony and a half interest in a Wabash county farm. The woman filed a cross complaint asking for a decree.

While at Marion and despondent over domestic troubles, Mrs. Orlan Tate, of Wabash, swallowed arsenic in an effort to end her life. She took too large a dose and it is believed physicians will succeed in saving her life.

The board of directors of the Albion National bank met Saturday afternoon and organized by electing the following officers: President, Charles M. Clapp; first vice president, L. R. Ayers; second vice president, J. W. Earle; cashier, W. S. Cramer.

call to the pastorate of the Baptist held the office of superintendent of the Elkhart county schools continuously for eighteen years, was defeated for re-election last June, has been made principal of the schools at Waterford Mills, a village three miles south of Goshen.

Two Marion men, Rev. William Rainey Bennett and George W. Thompson, the attorney, have signed contracts with two of the largest lecture bureaus of this section of the country. The contracts they now have will take them through this year and through the seasons of 1908 and 1909.

An historic building at Warsaw is now being demolished, having been long ago condemned as unsafe. It was erected in 1858 and in it was established a school known as the "Waterloo City seminary." During 1861 the school had an enrollment of about 75, but later enlistments in the army depleted the attendance and it was abandoned. Then the building was for a time used as a Methodist church. In recent years it has been devoted to business purposes.

Charles Campbell, Justin Easter and Albert Kirkpatrick hauled eight cases of beer from Kimmell into Albion, which is a "dry" town. Temperance folk declared that eight cases of beer was entirely too much for three men, and expressed the belief that the stuff was to be offered for sale on the blind tiger plan. With a search warrant the beer was found and confiscated. The defendants have appealed the case to the circuit court.

Stomach troubles, Heart and Kidney ailments, can be quickly corrected with a prescription known to druggists everywhere as Dr. Shoop's Restorative. The prompt and surprising relief which this remedy immediately brings is entirely due to its Restorative action upon the controlling nerves of the stomach, etc.

A weak Stomach, causing dyspepsia, a weak Heart with palpitation or intermittent pulse, always means weak Stomach nerves, or weak Heart nerves. Strengthen these inside or controlling nerves with Dr. Shoop's Restorative and see how quickly these ailments disappear. Dr. Shoop, of Racine, Wis., will mail samples free. Write for them. A test will tell. Your health is certainly worth this simple trial. Sold by all dealers.

Twin calamity to the frost-blighted peach crop of Michigan is the frost-bitten tomato crop of Indiana. Many a woe untoward weather breeds.

Maybe that Taft affair will grow big enough to be afraid of nothing, not excepting the latent third term boom that everybody is in more or less expectation of. In any event, it is becoming clear that Taft has the call over everybody save his sponsor.

Additional light has been thrown on the Standard Oil company's operations in Texas since the laws bounced the octopus from the state. The Lone Star commonwealth, being none too patient with the oil trust, will doubtless set out at once to see whether it is a sovereign state or merely a preserve of the big combine.

When Attorney General Bonparte made in Chicago an address in which he advocated the death penalty for habitual criminals perhaps he was animated by a lot of things he had found out about the Standard Oil company. If that monopoly has been guilty of crime at all it certainly has been habitually criminal.

President going on long bear hunt in Mississippi; Root en route for a highly seasoned junket in Mexico; Taft abroad on a globe-trotting tour. Will be some doubt until somebody gets back whether the government at Washington still lives. And Loeb—him even—will not be on the work, having a job of big gunning somewhere or other in the inaccessible wilds of the northwest.

Count Zeppelin, the German aeronaut, went up in his new airship the other day and cavorted around in the circumbient in very facile style, going and coming, jumping and diving and having fun generally. He showed a speed of thirty-eight miles an hour and after being up for a matter of some four or five hours returned to earth. The count will be taking a side excursion to the north pole one of these days and send Wellman's costly paraphernalia to the junk heap.

A nicely adjusted and well-prepared revolution in Cuba has just been exposed and frustrated. Don't know whether exposure and frustration is a good thing or not. Bound to be more or less of this revolution business down there for a long time and it might be advantageous to let one stay long enough in the incubator to get to the hatching-out stage, when things could be done to it not possible to a revolt still in the immature state. Some time your Uncle Samuel will rope that island for keeps and probably the sooner he feels the itching in his lasso arm the better it will be for the prosperity of the Cubans and our own peace of mind.

A postoffice employe in Philadelphia has been arrested for stealing one dollar from a letter from which he might just as easily have stolen six or seven times the amount. It transpires that the man works for $30 a month and that he was hungry and his family underfed. Wrong to steal, of course, but it would be interesting to know what the postoffice department thinks of itself for paying any man in its employ a salary of only $30 per month. That kind of wages is well calculated to make the man receiving it seriously believe that stealing is an offense for which there are undoubted palliations.

Keen political observers in Washington hold the opinion that there will during the coming winter be a contest for actual tariff revision and that it is now opening in earnest. According to the views held by those men the next session of congress will not be wholly wasted as regards the tariff in idle talk, but will be devoted to a thorough test of strength on the question preliminary to the nominating conventions next summer. There have been during the last few months several very pointed hints of an intention to use the session in this way, but the evidence, as one authority states it, "has of late grown cumulative that such is the wish of the administration," and he continues in this wise: "President Roosevelt's positions has been disappointing for a good while to believers in immediate tariff reform. They thought he was inclined to take the matter up two winters ago, when the alleged agreement was made among the party leaders whereby the tariff was to be let alone and attention was to be devoted wholly to other matters of legislation then considered more pressing. Last winter the subject dragged a good deal, partly owing to the failure of the German tariff commission to report as early as expected. But, since the adjournment of congress last spring, there have been seemingly unmistakable intimations from authoritative persons that the time has now come when action on tariff matters must be taken in order to avoid danger to the dominant party, just as action on the trust and railroad questions was considered requisite in order to forestall opposition and thereby to set aside danger from a popular mandate in favor of action through another party. There is a very strong feeling that this is precisely the situation which now confronts the republican party and that if no action is taken or promise made it will go into the campaign in a greatly weakened condition. Mr. Taft's speech at Columbus is considered as undoubtedly representing the president's position and this is supposed to mean that, prior to leaving office, the present administration will endeavor to mold party sentiment in such a way as to eliminate threats of defeat growing out of tariff dissatisfaction. Even though actual revision is postponed until after election, there must be a plank to that effect in the platform and the party must be put definitely on record. In order to do this the matter must, in the opinion of republicans, be taken up with congress and threshed out there prior to any effort in the convention, which, if unexpected, might result in lukewarmness during the campaign. It is the general belief therefore that the coming session must be employed, so far as necessary, for the discussion of tariff conditions and that the different groups must be clearly lined up on the issue."

GIRL RETURNED TO HOME.

St. Louis Police Find Laporte Child, But Companion Is Missing.

Laporte, Ind., Sept. 26.—Chief of Police Cochran returned last night from St. Louis, where he went after Mary Belle Blue, aged 13 years, who, it is believed, was lured away from home by influences which the officers will seek to uncover.

The girl was taken into custody by the St. Louis police department, being found after a long search. She gave no reason for running away from home. She was accompanied by a Miss Freeland, aged 17, whose present whereabouts is unknown.

WIFE ATTACKS STENOGRAPHER.

Fists, Feet and Teeth Used in Assault on Young Woman.

Evansville, Ind., Sept. 26.—Miss Mable Ztumstein, stenographer in the Indiana Abstract offices, was yesterday violently assaulted by Mrs. John Davenport, wife of one of her employers.

The cause of the assault is unknown. Miss Ztumstein is confined to her home. Mrs. Davenport used fists, feet and teeth in her attack and had to be pulled off the prostrate stenographer. The police were called, but made no arrests.

Barney Oldfield's Racing Face.

RACING GAME MOST OF ALL SAYS OLDFIELD

Speed Fiend Talks of the American Public's Love of Perilous Sport.

The racing outfits of Barney Oldfield and Ollie Savin, the speed cracks, who will furnish the thrills for the crowd at the Driving park Saturday afternoon, have reached here and these two notable drivers are here with them, ready for their part in the big program the Fort Wayne Automobile Dealers' association has carded for its meeting.

Oldfield seems little the worse for the wear and tear on his body and system encountered in several years of demoniac car-driving. The same quiet, modest demeanor is still a part of him and one gets little idea of his steel nerves and unshakeable courage in mere conversation with him. He must be seen doing sixty or seventy miles an hour in a flimsy-looking car around a circular track, with catastrophe and death stalking at every curve to understand the manner of fearless man he is.

Oldfield Talks of Racing.

"We are living in a fast age," said Barney Oldfield, "and the man who is willing to sacrifice his life and gore on the altar of a highly seasoned sport is the man who will become the sensation of the hour. It is not enough that we have wonderful speed creations which are the marvels of mechanical genius; it is not enough that we have palatial trains, but they must be run on a schedule which will not permit of the least delay, either to safeguard the public or to reach a certain destination in record time. And while our wonderful speed creations are being designed, men must be developed to handle them to attain this almost fatal speed.

"Our American public crave the sensational and our sports, it would seem, must to a certain extent savor of the casualty list, or be brutal to make the same a success from the gate receipts point of view. Of course this will be denied, but let me show you what I am driving at.

Public Wants the Thrills.

"Who ever heard a few years ago of a purse of $30,000 being offered for a prize fight? Yet that is what Nelson and Gans fought for, and do you think that one quarter of the people who attended that fight would have been there to witness it had it been advertised that there would be no knock-out? Not on your life. Some people have said that prize fighting draws only the rougher element, and that the better class of society do not patronize the game, or that the sports of the better classes are not on the rough order.

"Well I don't agree with them. I have seen the big games of foot ball in the United States; such games as the Yale-Harvard, the Chicago-Michigan, and have seen the so-called elite of society there. Watch the faces in the stands that surround the gridiron, and you will see excitement in every line. There you will see school girls with flashing eyes and crimson cheeks, their hands clenched as they cheer for their favorite gladiators to 'tear them up.' When a man is laid up, if it is from the side that they are cheering for, you will hear a groan, and if it is the other fellow, then it is a cheer.

"A few years ago I thought that the loop the loop was the acme of danger, but after one or two of the performers died of old age, the public ceased to pay much attention to it, so that they had to spice it up with the loop the gap and other flip flaps to make us fall for it.

Racing Game Beats Them All.

"I have scanned all the sports over that I know and think that the racing game beats them all when it comes to danger and it is the only sport of them all where the spectator shares to a degree the danger with the contestant. I always insist when I drive on a track that men go around the track and warn the people away fro mthe turns and the fenches. And what is the result? Well, they know that the most sensational point of interest is the turns. The cars slide from eight to ten feet there and that is what they want to see, that is what they have paid to see. A tire off on the turn means a car through the fence and everything in its path is sure to suffer.

"If you were to build a railroad track around your mile track no train in the country could hold it at the speed which I will circle the track, so I tell you it is a serious business."

With these words a look comes to Oldfield's face that belies the smile that adorns his lithograph. It must be such a look as is on his face when a competitor is near him, and which causes him to win whether his rival crashes through the fence or not.

The races will start promptly at 2:30 and the entire program will take the afternoon with the best field of events ever seen in the state.

REPORT OF THE COMMITTEE OF THE WHOLE.

Fort Wayne, Ind., Sept. 20th, 1907.
To the Common Council:
Gentlemen: Your Committee of the Whole to which was referred an ordinance entitled, An Ordinance Appropriating Money out of the funds available for the use of the City of Fort Wayne, Ind., for the payment of expenses and claims against said city for twelve months from the 1st day of January, 1908 to the 31st day of December, 1908, specified by the items thereof and the department for which such appropriations are made, wish to report as follows:

1—We recommend that the figures $93,500.00 in line 1 of Section 2 be stricken out and the figures $92,860.00 inserted in lieu thereof.

And the amount $15,500.00 in Section 2, line 11, be stricken out and the amount $15,300.00 be inserted in lieu thereof.

And that the figures $2,700.00 in Section 2, line 16, known as City Hall Account, be stricken out and the figures $2,760.00 be inserted in lieu thereof, which will permit an increase in the salary of Chief Janitor.

And that the figures $3,000.00 in Section 2, line 17, known as Expense, Office City Civil Engineer, be stricken out and the figures $2,500.00 be inserted in lieu thereof, which will not allow for the purchase of a steel filing case.

2—We further recommend that in Section 3, line 1, of said ordinance, the figures $119,684.00 be stricken out and the figures $119,544.00 be inserted in lieu thereof.

And that the figures $42,820.00 in same section, line 7, be stricken out and the figures $43,180.00 be inserted in lieu thereof, which provides for an increase of $5.00 per month in the salaries of each Sergeant, Patrol Driver and Clerk.

And that in same section the item known as Police Station Account, the figures $8,000.00 be stricken out and the figures $7,500.00 be inserted in lieu thereof, which amount does not include the amount requested for the purchase of patrol team.

And that the figures $119,684.00 in the last line be stricken out and the figures $119,544.00 be inserted in lieu thereof.

3—We further recommend that in Section 4, line 1, the figures $4,230.00 be stricken out and the figures $4,410.00 be inserted in lieu thereof.

And that the item, Salary of Three Sanitary Policemen, which amount is $2,160.00 be stricken out and the figures $2,340.00 be inserted in lieu thereof.

And the figures $4,230.00 in last line of said section be stricken out and the figures $4,410.00 be inserted in lieu thereof.

4—We further recommend that in Section 5, line 1, the figures $5,220.66 be stricken out and the figures $4,753.16 be inserted in lieu thereof.

And that all of line 9 of same section be stricken out and that the figures $5,220.65 in the last line be stricken out and the figures $4,753.16 be inserted in lieu thereof.

5—We further wish to recommend that when aforementioned ordinance has been amended so as to conform with the changes mentioned in paragraphs 1, 2, 3 and 4, of this report that it then pass.

6—We further wish to recommend that the ordinance entitled, An Ordinance Fixing the tax levy for City purposes for the year 1907, be passed in its original form.

GENERAL ORDINANCE NO. ....

An Ordinance Appropriating and Ratifying a Contract Heretofore on the 10th Day of September, 1907, Entered Into by and Between the City of Fort Wayne and Joseph P. Martin & Co.

Whereas, heretofore, to-wit, on the 10th day of September, 1907, the City of Fort Wayne, by and through its Board of Public works, entered into a contract with Joseph P. Martin & Co., providing for the performance of certain work on the addition to No. 2 engine house, which contract is in the following words:

This agreement, made this 10th day of September, 1907, by and between the City of Fort Wayne, by and through its Board of Public Works, party of the first part, and Joseph P. Martin & Co., party of the second part; witnesseth,

That the party of the second part in consideration of the mutual covenants herein contained, and in consideration of the payment to it of the sum of money hereinafter referred to by the party of the first part, agrees and hereby binds itself to provide all the materials and perform all the work and labor for the complete plumbing, gas fitting, steam heating and electric wiring, of the addition to Engine House No. 3, of the Fire Department of said City, located on West Washington Boulevard, according to, in compliance with, and in the manner provided in the plans and specifications for the doing of said work, on file in the office of said Board, which plans and specifications are hereby made a part of this contract, and the provisions of the same are hereby made parts of this contract and binding upon the parties hereto the same as if fully copied herein. Said materials to be furnished and said work and labor commenced as soon as the building is ready for its installation, and shall be promptly and rapidly done, and completed not later than January 15th, 1908.

It is further agreed by the party of the second part that it shall execute to the City of Fort Wayne a bond in the sum of Five hundred dollars, with surety to be approved by the Board of Public Works, conditioned for the faithful performance of this contract on its part.

In consideration of the furnishing of said material, and the performance of the said labor, as in this contract provided by the party of the second part, the party of the first part agrees to pay to it the sum of One thousand one hundred and nine dollars ($1,109) at the time of the acceptance of the work by the party of the first part.

Witness our hands and seals, this 10th day of September, 1907.

Upon motion the ordinance was read the second time by its title and referred to the Committee on Contracts and Franchises.

CLAIM.

To the Common Council of the City of Fort Wayne, Indiana.

F. A. Emrick, being duly sworn upon his oath says that he is a member of the firm of Emrick & Emrick, who were the attorneys for the Administrator in the case of Eli Merriman, Administrator of the estate of Mollie Lyons, against the city of Fort Wayne.

That heretofore, to-wit, on the 18th day of September, 1906, Plaintiff in said cause obtained a judgment for the sum of One Thousand ($1,000) Dollars in the Circuit Court, County of Allen, State of Indiana. That said judgment is drawing interest at the rate of 6 per cent per annum from date, that no part of the same has been paid.

Wherefore, your Petitioner asks the Council to levy a Tax for the payment of said judgment, interest and costs amounting to One Hundred and Eight and Forty-five one-hundreth dollars, which follow said judgment.

FRANKLIN A. EMRICK.

Subscribed and sworn to before me this 24th day of September, 1907.

BIT OF MEAT LODGED IN THROAT; DEATH IS RESULT

Mrs. Louisa Koenig Strangles While Eating Her Dinner in Bed.

While eating her dinner in bed Wednesday afternoon, Mrs. Louisa Koenig, 71 years of age, and very feeble, was strangled to death at her home in Adams township by a bit of meat which became lodged in her throat. Discovery was made by a member of the family, who entered the woman's room to remove the dishes and found the aged woman, sitting bold upright in bed, but lifeless. Mrs. Koenig spent much of her time in bed, and attendants who left her eating her dinner heard no sound to warn them of the aged woman's peril. She was great aunt of Charles Koenig, the lad who was accidentally shot and killed on the Roebuck farm last Saturday.

Mrs. Koenig, who was the widow of Fred Koenig, was born in Germany and came to America on April 20, 1860, setting in Adams county. A short time later with her husband she came to Allen county and located on the farm upon which she lived up to the time of her death. She is survived by these children: William Koenig and Mrs. William Klopproth, Racine, Wis.; Mrs. William Gearhart, Mrs. William Kramer, Charles Koenig, Mrs. Fred Buhr, Mrs. C. Reiter and Henry Koenig, Fort Wayne, and Fred Koenig, Adams township. There is also a brother, Fred Schroeder, of Fort Wayne; a sister, Mrs. Charlotta Pruesse, of Racine, Wis., and twenty-seven grandchildren.

Saved Her Son's Life.

The happiest mother in the little town of Ava, Mo., is Mrs. S. Ruppee. She writes: "One year ago my son was down with such serious lung trouble that our physician was unable to help him; when, by our druggist's advice I began giving him Dr. King's New Discovery, and I soon noticed improvement. I kept this treatment up for a few weeks when he was perfectly well. He has worked steadily since at carpenter work. Dr. King's New Discovery saved his life." Guaranteed best cough and cold cure by Dreier & Bro., druggists. 50c and $1.00. Trial bottle free.

A New York woman shopper of forty years' experience suggest the pressing need of system to expediate making purchases and getting goods and change in the department stores, instead of the present method, which makes patrons lose time and patience because employes cannot be trusted.

MEN PAST SIXTY IN DANGER.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." Thin Bread and Butter. Baked Apples.
Ginger Bread. Cheese.
Tea.

—Dinner.—
Cream of Celery Soup.
Fried Egg Plant, Tomato Catsup.
Creamed Potatoes with Parsley.
Corn on the Cob.
Stuffed Tomatoes. Wafers.
Peaches and Cream. Lady Baltimore Cake
Coffee.

Scrambled Eggs with Chives—Beat five eggs slightly with a little cream and a pinch of salt, scramble in hot butter, stirring lightly. Serve on a hot platter, sprinkling over them chive tops chopped fine and one-third teaspoon of salt. Chives give a very delicate onion flavoring and are an ornament to any kitchen garden. The tops only are used, and the hardy bulbs come year after year.

Chili Sauce—Eighteen tomatoes, one onion, three green peppers, one tablespoonful salt, one cup brown sugar, two and one-half cups vinegar. Scald the tomatoes, peel and cut in pieces; chop the onion and peppers, carefully cutting out the seeds and fleshy parts of the peppers. Boil all together until thick; seal hot. The addition of a teaspoonful of each of cinnamon, allspice and cloves gives the usual spiced sauce, but I find the unspiced sauce better and more digestible.

Tomato "Ketchup" from an old English cook book—Boil half a bushel of tomatoes until soft; force them through a fine sieve and add one quart of vinegar, one pint of salt, two ounces cloves, two ounces cayenne pepper or one dozen small red peppers, two heads of garlic, skinned. Boil three hours, strain and bottle when cold. This will keep indefinitely.

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

"Merode" (Hand Finished.) Underwear

You could buy Underwear costing twice as much as the "Merode" Underwear, but none that would compare with it for elasticity, durability, fineness of finish and perfect shape. A very soft finished thread is used, wsich is not harsh to the skin, at the same time it is unusually strong and permits greater friction without breaking than any other make. We recommend it especially to stout women, who have difficulty in finding a garment that would stretch sufficiently to be comfortable and still have wearing qualities.

Try a "Merode" Union Suit if you wish to experience a new revelation in Underwear goodness.

"MERODE" UNION SUITS FOR LADIES AND CHILDREN ARE PERFECT.

We carry full lines of this desirable make of Underwear in all weights and textures—comes in wool, merino, silk and wool, silk and cotton, all-cotton and cotton and wool mixed. It's worth your while to investigate.

SOCIETY

A wedding of early October that will interest many Fort Wayne residents will be that of Miss Irma Mary Seavey, only daughter of Mrs. Amy Randall Seavey, and Charles Allen Merriam, of Boston, Mass., which will take place on Wednesday, October 2, at 7 o'clock in the evening at the home of the bride on West Main street. Only relatives and a very few friends will be present. Miss Seavey has been away much of the time for the past six years as every winter she has been pursuing her art studies in oil portrait and figure painting in Boston. Mr. Merriam comes from revolutionary descent on both sides of his family, his parents being natives of Cambridge, Mass., though at present they are in Portland, Oregon. Mr. Merriam is a mechanical engineer, a graduate of Boston School of Technology and is employed by the Simplex Electric Heating company of Boston. Miss Seavey is a cultured young woman of refined taste and a pleasing and gracious personality. She also comes from revolutionary stock on both sides of her family. Miss Seavey's grandfather on her mother's side was Judge Edwin Randall, of Avilla.

* * *

The marriage of Miss Elsie Chaska, daughter of Mr. and Mrs. Samuel Chaska, and Dr. Nathan Stern, of Indianapolis, will take place at noon on Tuesday, October 8, at the home of the bride, on West Wayne street. No invitations have been issued except to the immediate relatives, and those were verbal. The wedding will be extremely quiet and as the bride-elect was included as an honor guest at pre-nuptial affairs given just before the wedding of her sister, Miss Hannah Chaska, now Mrs. A. J. August, of Topeka, Kan., there will be very little entertaining at this time. Miss Chaska's uncle, Dr. Aaron, of Buffalo, will officiate at the wedding.

Miss Kate Chapin is visiting her sister in Muncie for a few days.

Mrs. Isaac d'Isay has returned from a few deeks' stay at Walloon lake.

Miss Elizabeth Rose, of Carlisle, Pa., who was the guest for a few days of Mrs. H. C. Moderwell, left yesterday for the east.

Mr. and Mrs. John J. Burns, who live west of the city, have returned from an eastern trip, during which they visited friends.

Mrs. H. Duemling, of Milwaukee, arrived here yesterday and joined her husband, who came a few days ago. They left today for an eastern trip to Boston and New York.

Mr. and Mrs. Lawrence McVay and baby, of Continental, O., and Mr. and Mrs. Charles Matson, of Oakwood, Ohio, have returned to their homes after a visit here with Mr. and Mrs. Otto McVay, of Gay street.

Mrs. John J. Jacobs is enterialning her sister and her husband, Dr. and Mrs. A. M. Weaver, of Dayton, Ohio, and this afternoon Mrs. Jacobs entertained from 3 to 5 o'clock several ladies who were girlhood friends of Mrs. Weaver when she lived in Fort Wayne about forty years ago.

A pleasant time was enjoyed by the members of the Ventura club yesterday afternoon when they were guests of Mrs. Charles Kreutzer, of Erie street. Progressive pedro was the amusement and after the game a fine luncheon was served. The prizes were earned by Mrs. James Dormer and the hostess for the afternoon.

The engagement of Miss Anna Beuter, daughter of Mrs. J. B. Beuter and George M. Deininger, is announced. The wedding will take place this fall. Miss Beuter has been teaching in the Adams township schools and Mr. Deininger is a clerk in M. App's shoe store.

Mrs. C. M. Dawson and daughter, Miss Hadji Dawson, came home from Rome City today and will be guests at the home of Mrs. James Meriwether until they sail for Europe about the middle of October. The Fort Wayne travelers expect to join Mrs. S. E. Morss and Miss Josephine Morss, of Indianapolis, who are going abroad at the same time.

Miss Hattie Fowler entertained the members of the Thursday bridge club at the first fall meeting yesterday afternoon in honor of her guest, Mrs. Lincoln Frazier, of Aurora, Ill. Mrs. George Ladd invited ladies for two tables at bridge this afternoon for Mrs. Frazier, who is to return home tomorrow.

The Mu Alpha girls will entertain on Monday evening with a progressive supper as a compliment to Miss Flora Cook, who is to leave early in October for Washington, to attend school. The members of the sorority are Misses Marie Scroggy, Edna Pape, Frances Telley, Evelyn Meyer, Erma Tapp, Charlotte Schick, Helen Travis, Grace Griswold and Helen Miller.

A company of young girls met at the home of Miss Lula Kabisch, 430 West Williams street, last evening and organized the J. S. club. The rooms were prettily decorated with pink and white flowers. Miss Edith Baals and Miss Clara Kaade won prizes in playing games. Refreshments were served. The next meeting will be held at the home of Miss Clara Kaade, of Swinney avenue.

Invitations have been received in the city to the marriage of Miss Corinna Prescott Wilde and Mr. Edward Arthur Burkhardt, both of Boston, Mass., which will take place at the home of the bride's parents, Mr. and Mrs. Roger Henry Wilde, 214 Billings street, Atlantic, Mass., on Tuesday, October 15, at 8 o'clock. Mr. Burkhardt is a grandson of J. F. W. Meyer, the well known druggist of this city.

Leech—Wortman.

A quiet home wedding that was characterized by simplicity was that of Miss Irma M. Wortman and Mr. Cloyd E. Leech which took place on Wednesday evening, Sept. 25, at half after eight o'clock at the bride's home, 1503 Wall street. Rev. Frank Fox performed the ceremony. The bride wore a beautiful gown of white French mull, hand made and trimmed with lace and hand embroidery. There were no attendants. The house was decorated with ferns and asters. Mr. and Mrs. Leech left at midnight for their future home in Lima, Ohio.

CAR STRIKES HORSE.

Animal Is Fatally Injured and Had to be Shot.

Shortly before 11 o'clock this morning east-bound East Creighton avenue and Broadway car No. 120 struck and fatally injuried a horse belonging to the well-known St. Joe township hucksters and gardeners, W. S. and Lizzie Rochnek, at whose farm young Koenig was shot last week. The accident happened on West Main street, near Fairfield avenue.

Veterinary Surgeon Laugtry examined the horses' injuries, which consisted of a broken hip and leg, and as there was no hope for its recovery ordered the animal shot. Human Officer Schuladroff put the horse out of its misery with two shots from his revolver.

Mrs. Rochnek stated that she started to cross the tracks to the right side of the street, when she noticed the car approaching; she then tried to pull out of the way, but was too late. The car struck the horse's right hind leg, breaking it as above stated.

"Brown of Harvard"

Henry Woodruff and his company gave Rida Johnson Young's college play, "Brown of Harvard," its second presentation in Fort Wayne on the Majestic stage last evening and it was enjoyed by a large house that was very generous in its applause. The play was in all ways well presented and last night's audience had much the advantage of the audience a year ago when the play was given in Princess rink with conditions surrounding that greatly handicapped affairs on the stage and contributed much to the personal discomfort of the audience. Mr. Woodruff's company was not in all respects as strong as supported him a year ago, but on the whole was satisfactory and in main respects was eminently so. Mr. Woodruff, himself, carried the principal part with splendid address and gave a most charming portrayal of the college man whom every college fellow knows. Brown is a type found at all times in every college—handsome, generous, good natured, manly, athletic and full of the spirit of his alma mater. Woodruff does the part with many niceties in which he is aided most happily by a personality and appearance perfectly adapted to such a character. His work last night gave the audience undisguised pleasure.

"Brown of Harvard" has old Harvard for its locale. The pictures are fine and the whole play is redolent of the fragrant breeziness of youth. It has a rather ingenious and decidedly disagreeable plot, in which the element of love a little less than counterbalances the burden of human frailty and evil. However, no matter. The play would please quite as well if it had no plot. There are two or three intense climaxes, much action throughout and here and there snappy and witty dialogue. In pure humor it falls far short of Ade's "College Widow," and in other respects compares to disadvantage with that charming play. But "Brown of Harvard" is a refreshment throughout and Mr. Woodruff provides about nine-tenths of it. It is hardly possible to conceive the part so well taken by any other actor. Gordon Johnstone as Wilfred Kenyon, "old family stock," but dissipated, erring and contemptible, did good work. Frederick Forrester as Gerald Thorne, rough somewhat, capable, ambitious, immensely virtuous, narrow-minded and dreadfully impecunious, was a fairly strong presentment. All the other boys were acceptable in varying degree. Helena Byrne, who as Evelyn Kenyon had the leading part among the women, was very pretty and charming and commendably natural. The other ladies of the cast did nothing to speak of. They had nothing to speak of to do.

BESSIE BALDWIN'S NEW PLAY.

Well Known Fort Wayne Lady to Appear in "A Race for a Wife."

Hal Davis, the well known producer, is in the city rehearsing for the opening of his big vaudeville act, "A Race for a Wife," which will occupy the boards at the Temple all next week. Mr. Davis is known throughout the vaudeville field in the same manner that Mr. Frohman, Hackett and Henry Miller are in the combination houses and his offerings are always considered the best. His new sketch was produced with great success late last season in Buffalo and following its local engagement will make a tour of all the big houses in America. One of the scenes that border on the sensational is a race between two automobiles and it is said that daredevil Barney Oldfield is outdone in this performance. A sixty foot car of scenery and eight people are in the cast.

Additional interest attaches to Mr. Davis' coming at this time through the appearance of Miss Bessie Baldwin, who is playing the leads. Miss Baldwin's career on the stage has been a brilliant one, her last appearance here being with Mr. Stoddard in "The Bonnie Brier Bush." She has been quite successful and her many friends will give her a rousing welcome.

BRIDAL PAIR SEIZED AT CHURCH.

Handcuffed by Friends and Compelled to Parade Streets of City.

Wabash, Ind., Sept. 26.—Upon their descent from the steps of the St. Bernard Catholic church, in which they had just been married, Mr. and Mrs. Firman Kester were seized by their guests yesterday, and handcuffs, which had been secured from Sheriff Martin, encircled their wrists.

The cab followed the party as they marched to the business part of the city, the bride and groom firmly united in steel bands. The two were forced to shake hands with the proprietors of many stores, but finally their entraties were given heed and they were placed in the cab and permitted to drive to the home of John Hipskind, afther of the bride, for the reception. There they were released.

The bride was formerly Miss Marie Hopskind. The couple is quite popular and their capture created excitement.

FIRE STOPS WEDDING PLANS.

Mother of Groom Seriously Burned While Cleaning House with Gasoline.

Bedford, Ind., Sept. 26.—Mrs. Charles Lanz was frightfully burned by an explosion of gasoline while cleaning house and arranging for her son's wedding last night. With a saucer of gasoline behind the bed where she was at work, she asked her little daughter to light a match. When this was done there was a sudden explosion.

A spark had fallen into the saucer and in a moment the bedding and her clothing were aflame, but with presence of mind, Mrs. Lanz seized a broom and beating the flames, and falling to the floor, rolled over and over, smothering the fire. She was terribly burned.

BROTHERS WAS ACQUITTED.

Fort Wayne Veterinarian Secures a Victory at Plymouth.

Dr. D. W. Brothers, against whom a charge of practicing veterinary surgery without a license was filed at Plymouth, has been acquitted of the charge. He failed to take out a license under a law passed by the last legislature, but insisted that he had a right under the statute of 1905 to practice his profession in which he had been engaged a number of years. He was defended by Wilmer Leonard.

CHILD'S HAT

A DRESSY SCHOOL HAT OF MAUVE BEAVER HAT FROM JOHN WANAMAKER; POSED BY LUCIA POWERS OF MAUDE ADAMS' COMPANY. PHOTO BY WEL PEDER.

This dressy but serviceable school hat for young girls is in mushroom shape. It is made of white felt, trimmed with a scarf and a many-looped bow of white satin ribbon. A cluster of white ostrich tips, short, but very full and fluffy, is also used. The crown of this hat is rather low, and the ribbon and feathers almost completely cover it. There is a side knot of ribbon set under the brim that lifts it from the head.

OBITUARY

TOWSLEY.

Edgar Daniel Towsley, son of Mr. and Mrs. E. A. Towsley, was born July 24, 1882, in Milwaukee, Wis. When six years of age he came with his parents to Fort Wayne, where he grew to manhood. He chose the barbers' trade as his vocation and followed it in this city for about six years. On September 19, 1904, he was united in marriage to Miss Lydia Paul, and they resided in Fort Wayne until the failing health of Mr. Towsley compelled them to seek a change. About a year ago they removed to a farm near Payne, Ohio, hoping this might prove helpful. In this there was disappointment, for the husband gradually declined until his death, which occurred Monday afternoon, September 23. His young wife, parents, grandmother, a brother, three sisters, other relatives and many friends hold him in sacred memory. Mr. Towsley was a member of the barbers' union and of the Forest lodge. He was highly respected by those who knew him, and held in esteem as an industrious and honorable young man. Funeral services were held Wednesday forenoon in St. Paul's Evangelical church near Batson, Ohio, Rev. E. Q. Laudeman, of Fort Wayne, officiating.

MEYERS.

William Henry Meyers was born at Ashland, Ohio, April 17, 1838; died at Spencerville, Ind., September 21, 1907. In the year 1864 he was married to Miss Eliza Ellen Langley, who survives him. To this union were born five daughters and two sons. The sons, Charles and Lester, and two daughters, Mrs. Maggie Kimes and Mrs. Katie Hursh, are the surviving children. Two sisters, Miss Meyers and Mrs. Gessinger, of Spencerville; a brother, John Meyers, of Roseville, Ohio, and six grandchildren, also survive.

Mr. Meyers removed to Indiana in 1864, and resided in the vicinity of Spencerville until about six years ago. From this place he went to Woodburn, thence to New Haven, and for about two years lived at Fort Wayne. During these later years he was afflicted with locomotor ataxia, but was able to be about until last January, when he was rendered helpless. He moved back to Spencerville during the past summer, thinking the change might be beneficial, but gradually failed until death relieved him at 11 p. m. last Saturday.

Mr. Meyers was a wagon-maker by trade, and was an honest, upright citizen and a member of the Methodist Episcopal church at Spencerville, having united with the same under the ministry of Rev. J. J. Fred. He was a good husband and father and a worthy friend and neighbor. During the last days of his illness he was much in prayer. Though making but little demonstration, he showed deep interest in his spiritual welfare, and expressed many times his desire, and even anxiety, to leave this world of suffering for the better land.

The funeral services were conducted from the home of the sisters of the deceased by Rev. C. B. Sweeney, pastor of the Methodist Episcopal church at Spencerville; interment in the Spencerville cemetery.

GREEN PEPPERS FOR SALADS OR RELISHES.

The simplest way of serving green peppers, uncooked, is to cut thin slices from the green outside, omitting the white inner part. These strips are eaten raw with salt, like celery, and are an approved accompaniment to fried soft shell crabs. Sliced in thin rings, the sweet green peppers make a tasty addition to sliced cucumbers, lettuce, tomatoes, or, indeed, almost any salad. A heaping tablespoonful of chopped green peppers combines excellently with scrambled eggs or any mince of veal, chicken or lamb. Chicken salad is delicious served in green pepper cups. To prepare the cups, take green peppers, cut off the tops and carefully remove all the seeds, without breaking the shell. Put into cold water for twenty minutes or longer, then drain, wipe and fill.

Among other excellent fillings for green peppers are chopped nuts. The old-fashioned butternut, chopped and lightly salted, makes a delicious filling. The tiny green peppers are delightful filled with chopped walnuts. They should be prepared the day before using. Scrape all the seeds and soft fiber from the peppers, great pains being taken not to break the pretty stem ends of the vegetables. Use a small sharp pointed knife. Fill with the chopped and lightly salted nuts, replace the stem end, then set in the ice box until ready to serve with the meat or salad course. A pepper salad containing equal parts of green and sweet red peppers and celery, all chopped fine and mixed with mayonnaise or French dressing makes an excellent salad to serve with the meat course.

SONOMA GIRL WINS BIG STAKE FROM GAME MARGARET O.

Crabtree Mare Forced to Do 2:07 to Win Merchants' $5,000 Stake.

Columbus, Ohio, Sept. 26.—It fell to the lot of Sonoma Girl and Margaret O. to furnish the feature of the lengthy program at the Grand Circuit races. Twenty-five heats were decided.

The two mares met in the Merchants' $5,000 stake and Sonoma Girl ruled favorite. She lost a chance for the first heat by breaking at the head of the stretch. She started four lengths back in the second mile. Although she trotted the last half in 1:02, she could not overhaul Margaret O.

The two had a grueling time of it in the third mile from the half-mile post home. Sonoma Girl was fresher than Margaret O, and won because she was able to step in 2:07, the fastest time of the chilly day by either trotter or pacer. The next two heats were rather easily won by the Crabtree entry.

Arrow bowled over Point Burglar in finishing up the second division of the 2:18 pace. Fanny P. was not bothered in completing her victory in the first division of the 2:19 trot. Marjorie was picked to win the second division of this trot, and did so.

Major Mallow, first choice in the 2:13 pace, was third in the first heat. Al Thomas became his driver in the second heat, and the horse marched off with the race. Axcyell was never extended among the 2:09 trotters, and won in straight heats. He was a heavy first choice, as was Lady Maud C. in the 2:09 pace. This mare has two heats.

General Watts is in line to win the 3-year-old division of the Horse Review Futurity. He got both heats raced, and trotted the fourth best colt mile of the year when he won the second heat in 2:09½. The summaries:

HENDRICKS MAY LEAD BREWERS.

Central League Manager Has Been Offered Berth at Milwaukee.

South Bend, Ind., Sept. 26.—Jack Hendricks, of Chicago, manager of the pennant winning Springfield, Ohio, club in the Central League, has been offered the management of the Milwaukee team in the American Association, according to an announcement made by him to a Central League official. Hendricks, as a manager in the Central League, has made a record which is unsurpassed by any minor league manager.

Taking the team when it was a tailender two years ago, he put the club in the fight for the top of the second division. Last year he had the team fighting for the pennant with Grand Rapids, and this year he practically had a walkaway race for the flag. Hendricks has not accepted the Milwaukee offer or the reason that he is considering the purchase of the Grand Rapids franchise in the Central League from Phil Arnold.

STAHL TO FILE SUIT.

Will Ask Damages From Washington Management.

Chicago, Ill., Sept. 26.— Jake Garland Stahl, ex-manager of the Washington Senators, will start a suit for damages in the federal court against the National Base Ball commission and the Washington, Boston and Chicago clubs. He has retained Congressman James R. Mann as his attorney and the suit will be filed in the near future.

Stahl says that his reputation as a base ball player has been injured by Washington, and also that he lost the salary which was offered to him by the Boston club, more than $4,000.

"The National commission stopped my playing with Boston," said Stahl. "I had a definite proposition with the club at the time. This barred me from playing with a club under the national agreement so I had to take up semi-pro ball.

"I do not know as yet for what sum I will sue. I am going to talk that matter over with my lawyer."

How to Remain Young.

To continue young in health and strength, do as Mrs. N. F. Rowan, McDonough, Ga., did. She says: "Three bottles of Electric Bitters cured me of chronic liver and stomach trouble, complicated with such an unhealthy condition of the blood that my skin turned red as flannel. I am now practically 20 years younger than before I took Electric Bitters. I can now do all my work with ease and assist in my husband's store." Guaranteed at Dreier & Bro.'s drug store. Price 50c.

LEYDON OPENS HIS RINK.

McGrath Assumes Role of Goal Tend and Makes Good.

Billy Leydon opened his skating rink at Bath, Me., Monday night with a polo game in which "Mugsy" McGrath, formerly half back for Fort Wayne, assumed the role of goal tend and did a good job, as Lewiston failed to get the ball past him. Nick McGilvray played on the Bath team and Leydon was the referee. Carrigan was the only other player in the lineup who is known in the west.

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn, of Boonsboro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. Dreier & Bro.

DETROIT BEATS BOSTON AND HOLDS A TIE FOR LEAD

Philadelphia Skins White Sox and Cleveland Downs Yankees.

Boston, Sept. 26.—The locals took the lead in the first inning of the game against Detroit and added a run in the fourth and another in the sixth, but the Tigers got busy in the closing innings and drew a tie in the ninth, which was broken in the tenth in favor of the visitors.

Killian and Winter were staged in a hard pitchers' battle and each allowed the same number of hits for the same number of bases, each passed two and with the exceptions of the strike outs they quit even. Winter whiffed five to three for Killian. Wagner at short had two errors that helped Detroit win the game. Score:

	R.	H.	E.
Detroit .....0 0 0 0 1 0 0 1 1 1—4	7	3	
Boston .....1 0 0 1 0 1 0 0 0 0—3	7	4

ATHLETICS TAKE SECOND.

Plank Holds Chicago to Two Hits and Scores Shut Out.

Philadelphia, Sept. 26.—Up to the sixth inning of the second game of the final series between Philadelphia and Chicago neither side scored and Smith and Plank were working in excellent form, but in the last half Nichols hit for a base, Harry Davis and Murphy followed up and George Davis booted a grounder, allowing the first run. In the seventh Oldring hit, Powers moved him up with a sacrifice and Nichols biffed the ball for a double. The great doing, however, happened in the eighth. Harry Davis drew a base on balls, Murphy got a single, Collins went down on a fly, Oldring hit for two sacks, got third on Rohe's error and scored on Plank's out. The score:

	R.	H.	E.
Chicago .....0 0 0 0 0 0 0 0 0—0	2	2	
Philadelphia ...0 0 0 0 0 1 1 3 *—5	8	0

JOSS PITCHES GREAT BALL.

Birmingham's Muff Beats Him Out of a Shut Out.

New York, Sept. 26.—Joss, by his fine work, was entitled to a shut-out, and had it not been for Birmingham's muff of Hoffman's fly in the first inning he would have got it. Score:

	R.	H.	E.
Cleveland .....1 0 0 2 0 0 0 0 0—3	5	4	
New York .....1 0 0 0 0 0 0 0 0—1	1	2

PITTSBURG WINS FINAL GAME OF A STORMY SESSION

Lynch and Ferguson Are Hit Freely by Pirates —The Scores.

Pittsburg, Sept. 26.—In one of the stormiest games seen in this city during the season the New York team made its last appearance here being defeated by a score of 14 to 1. Dahlen and Bresnahan were sent off the lot by Umpire Klem, making eight New York players penalized during the series. Lynch was hit for seven runs in the second inning, retiring in favor of Ferguson, who was also hit freely. Maddox, Pittsburg's Central League recruit, was effective at all times. Devlin was injured in the seventh inning, and Taylor, a pitcher, took his place. By winning Pittsburg captured the season's series from New York. Score:

	R.	H.	E.

S.S.S. CURES CATARRH

Catarrh is not merely a disease of the mucous membranes and inner linings of the body as some of the symptoms would seem to indicate; it is a deep-seated blood disease, in which the entire circulation and the greater part of the system are involved. Like all other blood diseases, Catarrh comes from poisons and impurities accumulating in the circulation which irritate and inflame the tissues and mucous surfaces, and then the unpleasant symptoms of the disease are manifested. There is a ringing noise in the ears, a thin, watery discharge from the nostrils, filthy matter drops back into the throat, the breath has an offensive odor, and many other annoying and unpleasant symptoms are characteristic of the trouble. Sprays, washes, inhalations, etc., cannot reach the blood, and are therefore valuable only for the temporary relief they afford. To cure Catarrh the blood must be purified. Nothing equals S. S. S. for this purpose; it goes down into the circulation, removes the catarrhal matter, purifies the blood and makes a lasting cure. When S. S. S. has removed the cause, the blood being pure and healthy nourishes the membranes and tissues instead of irritating them with noxious matter, and the symptoms all pass away. Book on Catarrh and any medical advice free. THE SWIFT SPECIFIC CO., ATLANTA, GA.

THE MARKETS

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, Ill., Sept. 26.—The wheat market today opened weak and with an active trade. Forecast of warmer weather in the northwest was a bearish factor. December opened a shade to ¼@⅝c lower at 88⅝c to 88¾c, sold at $1.00@1.00⅛ and then declined to 99⅞@99½c. Minneapolis, Duluth and Chicago reported receipts of 541 cars.

The wheat market became strong in the last hour because of higher markets for cash wheat in Kansas City and St. Louis and reports of a good demand for export. The high point for December was $1.00½. The close was strong with December up ⅝c at $1.00⅛@1.00⅜.

The corn market was easier because of the prediction of warmer weather throughout the corn belt. December opened ⅜@⅝c lower at 58¼c to 58½c, sold up to 58⅝c and then declined to 58⅜c. Local receipts were 715 cars.

The low point for December corn was 58⅜c. The close was steady with December unchanged at 58⅝c.

The oats market was dull but firm. December opened ⅛c higher at 51⅜c and sold at 52c.

Provisions were steady. January pork opened 2½c lower at $15.32½. Lard was 2½c lower at $8.72½. Ribs were off 2½c at $7.95.

STOCKS AND BONDS.

The Day on Wall Street.

New York, Sept. 26.—The stock market today showed the same sluggish tendency in the opening dealings as was manifested yesterday. Changes in the active stocks were limited to eights and quarters divided between gains and losses. The dealings were small except in United States Steel, of which some large blocks changed hands at 28. Bethlehem Steel sold at an advance of 3⅜.

A series of alternate ups and downs failed to place the list very far from yesterday's closing, but the undertone was rather heavy. Union Pacific, the Hill stocks, New York Central and American Smelting were at times from ¾ to 1 below yesterday's final prices.

The drift of prices without decided tendency gave place to a pronounced decline. Ills-Chalmers fell 1½, the preferred 3½. Great Northern preferred and North American 1½; Northern Pacific 1⅝. Union Pacific, Texas & Pacific and Central Leather 1¾ and St. Paul, Reading, New Haven and Brooklyn Transit 1. New York Air Brake rose 1 and Interborough Metropolitan preferred 1¼. Bonds were firm.

Stocks were sold extensively with the western roads the weakest features. The active specialties held well, but a number of the minor industrials were liquidated. Consolidated Gas yielded 3¾. Third Avenue 2. North American 2½. St. Paul 2⅝. Union Pacific 2¼. Reading and Northern Pacific 3½.

The market did not go any lower, neither did it rally much, speculation being stagnant when the selling stopped.

The market closed heavy and dull. United States Steel was sold in 2,000, 5,000 and 6,000 share blocks down to 27⅝. There was enough demand from uncovered shorts to cause a slight hardening in the general list.

NEW YORK MONEY MARKET.

NewYork, Sept. 26.—Money on call, firmer, 2½@4 per cent; ruling rate, 3; closing bid, 2; offered at 2¾. Time loans dull and rather easy; sixty days, 5½@5¾ per cent, and ninety days, 5¾@6 per cent; six months, 5¾ to 6 per cent.

Prime mercantile paper, 6¾@7 per cent. terling exchange weak with actual business in bankers' bills at 4.85.45@4.85.50 for demand, and 4.8190@4.81.95 for sixty day bills. Commercial bills, 4.81½@4.81¾. Bar silver, 67. Mexican dollars, 51½. Government bonds steady. Railroad bonds steady.

BELLI'S CASE CONTINUED.

Disappearance of Pocketbook Will Be Thoroughly Investigated.

Albert Belli, whose arrest on the charge of profanity followed the disappearance of a pocketbook from the store room of the Wayne hotel yesterday, was in the city court today and his case was continued until tomorrow morning for investigation. Nothing was found on him to indicate that he took the money. The purse belonged to Miss Anna Frohley and contained $38 and certificates of deposit amounting to $300.

The case of public intoxication against Joseph Heitzler was continued and it is probable the grand jury will make some investigations of a serious charge against him made by little girl pupils at St. Peter's Catholic school.

TWO KITTY LEAGUERS WED.

Batting Expert Gets Actress as Bride and Son of President Elopes.

Vincennes, Ind., Sept. 26.—Roy Moran, who last year led the Kitty League in batting and who played with Jacksonville, Ill., the last season, and Miss Vera Young eloped to Lawrenceburg, Ill., yesterday and were married by Rev. Mr. Porter. The bride is a daughter of Lida Sacks Young, who until last season, was quite a well known actress. Mrs. Moran last season had a character in "The Old Homestead."

Cliff Gosnell, jr., son of C. C. Gosnell, president of the Kitty League last year, eloped to St. Louis yesterday morning with Miss Lillie Guerin and sent information of the wedding home last evening.

WILL WORK OUT CONTRACT.

So favorably did the proposal of Caldwell & Drake, of Columbus, Ohio, for the new hotel, impress the directors of the hotel association at the meeting Wednesday afternoon that the directors named a committee to act with the Columbus people in preparing a definite contract. If the committee and the Columbus firm can agree upon the details, it is expected that the work will be awarded without delay.

Day's Happenings in the Industrial World

GOULD ABANDONS YOUNGSTOWN

Plans to Build a Line Have Been Given Up by Wabash.

That the Wabash has abandoned its plan to build a new line into the Youngstown district is indicated by the annual report of the Wheeling and Lake Erie Railroad company, as no reference is made to the Lake Erie, Youngstown and Southern. It was originally intended that this line was to be used in connecting the Gould lines with the various industrial plants in the Youngstown district, but the road has passed into the hands of the New York Central.

Developments in connection with this deal also prove that it was intended to eventually connect the Lake Erie, Youngstown and Southern with the Buffalo, Rochester and Pittsburg, but it was officially stated yesterday that these plans will not be carried out. It is understood that the Buffalo, Rochester and Pittsburg people had this aim in view when the line was built from Butler to New Castle, jointly by that company and by the Baltimore and Ohio.

The building of the Lake Erie, Youngstown and Southern road was an undertaking of former Governor Myron T. Herrick and other Ohio capitalists, and their associates in the Wheeling and Lake Erie, before the Goulds took over that property for the Wabash. This line therefore passed to the Gould interests, along with the Wheeling and Lake Erie. It was intended to build to Youngstown, as it was generally understood that the Goulds had an agreement with the United States Steel Corporation and its subsidiary concerns for a large portion of the freight traffic, similar to the agreement regarding the plants in this district.

Railroad men claim that Youngstown ranks second to Pittsburg as a source of steel and iron tonnage, and near it are Sharon and New Castle, both large producers of similar tonnage. In the balance sheet of the Wheeling and Lake Erie for 1906 the Lake Erie, Youngstown and Southern was carried as an asset, valued at $469,274. In the balance sheet of 1907 it disappears, and no mention of the property is made in the annual report.

ENGINEER KIKLEY HURT.

Knocked From Engine Bridge and Received Scalp Wound.

Charles N. Kikley, night engineer at the Pennsylvania power station just east of Lafayette street, sustained a painful scalp wound and some bruises about the body and shoulders at 4:50 o'clock this morning while oiling the machinery. With a can of oil he mounted the "bridge" by means of which the machinery of the big upright engines in the plant is reached and as he was in the act of pouring the fluid into the lubricator, the crosshead was disconnected and the cylinder head was blown out, striking him and knocking him from the bridge. He was picked up unconscious and bleeding badly about the head and the word was sent out that he was fatally injured. The ambulance was called to take him to the St. Joseph hospital, where he soon revived and said he was not badly injured. Dr. Pearly Weaver dressed the wound in the head, which was several inches long, and Mr. Kikley was then sent to his home on Wallace street. The engine was not badly damaged and repairs will soon be made upon it. There are five of these upright engines in the power plant and the only result the putting of this one out of commission will have will be to make it necessary to run all of the others constantly, instead of giving them occasional rests.

BLOCKED TRACKS MANY HOURS.

A big freight steamer passing through the South Branch drawbridge at Twenty-second street, Chicago, stranded on a sand bar last night and completely cut off communication with the two parts of the Fort Wayne line which that bridge divides. As a result of the blockade passenger train No. 6 and fast mail No. 18 had to make a detour over the Panhandle lines and were delayed, the former one hour and twenty minutes and the mail train about thirty minutes. The steamer is said to have been overloaded.

TO RETURN TO SUNNY ITALY.

John Pool, for three or four years a laborer at the Pennsylvania round house, will leave early next week for Italy, his native country, to remain the balance of his life. John has been frugal and is supplied with cash sufficient to put him beyond want in his native country and his radiant countenance when he told of his intentions to return there indicated his joy in being able to go back in good financial shape. He is an exceptionally good workman for his class and his resignation is regretted by the foreman at the round house.

BOY KILLED AT BUCYRUS.

James McNann, eight years old and the son of Mr. McNann residing near the Pennsylvania tracks, was instantly killed by being struck by the engine pulling Pennsylvania train No. 35 at 2:15 o'clock yesterday afternoon. The train was in charge of Conductor Owen Owens and B. C. Skinner was at the throttle. The latter saw the lad and gave the warning whistle, but he failed to notice it until the train was nearly upon him and then it was too late. The train was stopped and the trainmen went to the side of the lad, but he was dead and their services were not needed.

SIGNALS NEARLY COMPLETED.

The law covering the installation of block signals on steam railways says that all lines must be thus equipped by March 1, 1908. The Pennsylvania will go the law "one better" and have its lines west of Pittsburg equipped with block signals by January 1. At a tremendous cost the work of equipping the lines west of Pittsburg with block signals has been in progress for several years and is nearly finished.

FIREMAN HAS HAND HURT.

Bert Flowers, a Pennsylvania passenger fireman, sustained painful injuries to his right hand last night by the bursting of a locomotive injector. He was wetting down the coal with a small hose when the injector burst and he received the full force of the stream of water and steam on his hand.

FINDLAY HAS SLIGHT WRECK.

All the wheels of a box car in the outgoing local freight train on the C. H. & D. road left the rails at the Hanna street crossing at 7 o'clock this morning. The only damage was the blocking of two of the Pennsylvania and one of the Wabash tracks an hour.

INVESTIGATING WOODEN TIES.

The committee on cross ties of the Maintenance of Way association has issued a circular asking for information on the service of ties. Railroads are asked to give information regarding the life, cost, etc, of the various kinds of ties used.

INCREASED WORKING FORCE.

The Wabash added a number of names to its pay rolls this morning and there were a few resignations at the shops. Boilermaker Thomas Shuff, formerly of the Northwestern shops in Chicago; John C. Riddle, Oscar T. Snook, Thomas Rees, John Molique, James DeFord and J. McNamara, machinists' helpers; Charles Rebert, a painter's helper, and W. L. Dinius, a stationary fireman, are some of the new employes at the shops. A. L. Denius, a boiler washer, resigned to take a position with the Perrine-Armstrong mills, and A. C. Campbell, a machinists' helper, resigned to return to the country and resume farm work.

RIGHT HAND BURNED.

W. N. Horstman, a lineman employed in the electrical department at the Pennsylvania shops, had his right hand painfully burned last night. He was repairing a motor controller when he slipped while the current was on and to save a fall placed his hand on the machine and received the shock and burn. He will be able to resume work in a few days.

FISHING TRAIN STILL ON.

The statement in The Sentinel last evening that the "fishing train" was not mentioned in the Grand Rapids and Indiana time card which goes into effect next Sunday is misleading in its effect. The train has not been taken out of service and will make three more trips, the last one on October 13. It will leave the city as usual at 6 o'clock.

MR. MILLS RECOVERS.

H. T. Mills, who was taken sick last August, has recovered and this morning he resumed charge of the tool room at the Pennsylvania machine shop. He is still weak as a result of his long illness, but is rapidly gaining and expects to soon be as well as usual.

HAD INDEX FINGER CRUSHED.

Machinist Dennis Cleary, who is employed in the night gang at the Pennsylvania shops, had the index finger of his right hand pinched and the flesh scraped from the upper portion of it. He got the digit between an engine frame and a pinch bar. He will be off duty a week or two.

HAD AN ARM CUT.

Machinist William Smith, of the Pennsylvania shops, is off duty nursing a lame arm. He had it cut yesterday by getting it caught in the machine he was operating. The wound is not a serious one.

INDUSTRIAL NOTES.

Machinist A. A. Arnold, of the Bass shops, is sick and off duty.

Pennsylvania Boilermaker J. Eichel has gone to the lakes for a week's fishing.

After a two weeks' illness, R. D. Spear reported for work at the Pennsylvania shops this morning.

B. Moorman and H. J. Beckman, Pennsylvania shopmen, are off duty on account of sickness.

Machinist A. R. Berick, late of the Wabash shops, took a position at the Pennsylvania round house this morning.

John Timmis, of the Pennsylvania round house, will make a visit with friends in Chicago the latter part of the week.

Howard Saylor went to Columbia City yesterday to attend to some business affairs for the Fort Wayne Electric works.

Chief Draughtsman Walter A. Barrett, of the Bass works, was called to Cleveland yesterday on business for the company.

R. N. Needhammer, of the flue department of the Pennsylvania shops, will go to Pittsburg tomorrow to visit friends a week.

Mrs. R. E. Doty, wife of Passenger Engineer Doty, of the Pennsylvania, has gone to Racine, Wis., to visit her aged uncle and aunt.

The Pennsylvania will have a special train through this city next Sunday carrying the Grand Mogul theatrical company from Pittsburg to Chicago.

N. W. Swinehart, the machinists' helper who was hurt in the Pennsylvania shops September 5, has recovered and this morning he resumed his work.

H. C. Olinger has taken charge of the boarding house on the Lima road for the Fort Wayne Brick and Tile company and has moved his family out there.

George R. McClain, representing the N., C. & St. L., and H. G. Powell, representing the Illinois Central, called upon the various shippers of Fort Wayne today.

Clifford Wilkening, foreman of laborers at the Pennsylvania machine shop, is suffering as the result of slipping while lifting a heavy weight. His back was sprained.

Machinist A. Lee, who resigned a position at the Indiana Road Machine company yesterday will soon leave for California, where he expects to reside in the future.

B. F. Sarver, foreman of the boiler department of the Pennsylvania, has returned home after a two weeks' trip over the Northwest system, engaged in special work for the department.

F. W. Hildebrand, of the Bass blacksmith shop, sustained injuries to one of his feet yesterday which will disable him for awhile. A heavy pair of tongs fell on the member and bruised it badly.

Frank R. Whitler has found employment at the Pennsylvania car shops. Charles A. Forrest, a blacksmith's helper, also took a position at the Pennsylvania shops this morning. He was formerly employed by the Lima Locomotive works.

Mrs. C. E. Lane has gone to Huntington to spend a few days with friends.

George Nieman, of Kansas City, is visiting his brother, John Nieman, of 833 Maumee avenue.

A son of R. D. Andrews, of the Wabash shops, is quite sick at the family home on Locust street.

Agent A. L. Gilbert, of the Wabash, went to Toledo this morning on business for the company.

Thomas Behan left last night for Chattanooga in the interest of the Fort Wayne Electric company.

R. A. Westerman, an apprentice in the Pennsylvania copper shop, will go to Pittsburg tomorrow to visit relatives a few days.

Charles Szink and his wife have gone to Decatur, Ind., for a visit with relatives. Mr. Szink is a painter at the Pennsylvania shops.

Engineer John D. Buckley, of the G. R. & I., has returned from Ireland and will resume his place at the throttle in a day or two. Mr. Buckley spent seven weeks abroad and had a most enjoyable time. Ireland is his native land.

"Fat Anna," the big "monkey action" engine brought here last spring for a thorough trial, was given a regular place in the passenger service on the Pennsylvania this week. She will pull trains 39 and 6 between this city and Chicago hereafter.

C. Rundo has recovered from a sprained ankle and yesterday resumed work at the Indiana Road Machine works, after an absence of several weeks. John Snodgrass also reported for work at that shop. He had been off on account of the death of his brother.

The western delegates to the National Association of Agricultural Implements and Vehicle Dealers' convention, which will be held in Old Point Comfort Saturday, October 7, will pass through Fort Wayne on the 6th on a special train of six Pullmans, a dining and a baggage car over the Pennsylvania.

An engine off the turntable tracks at the Pennsylvania round house this morning caused some trouble for the men out there. As a result of the accident some of the passenger engines bringing in trains were compelled to make the trip over the entire division because the regular engines could not get out of the round house. Otherwise there was no damage.

Worked Like a Charm.

Mr. D. N. Walker, editor of that spicy journal, the Enterprise, Louisa, Va., says: "I ran a nail in my foot last week and at once applied Bucklen's Arnica Salve No inflammation followed; the salve simply healed the wound." Heals every sore, burn and skin disease. Guaranteed at Dreier & Bro., druggists. 25c.

INDIANA M. E. CONFERENCE.

Columbus, Ind., Sept. 26.—The second day's session of the Indiana conference of the Methodist Episcopal church has begun with a devotional service. Albert Hurlstone, pastor of Indianapolis, delivered an address on "The Preacher and Literature." The conference business session followed.

It is a well known fact that persons living in the Pine forests do not suffer from kidney disease. One dose of Pineules at night usually relieves backache. 30 days' treatment, $1.00. Your money refunded if not satisfied. Sold by Meyer Bros. Co., 3 stores, 602, 902, 1424 Calhoun street.

NEW FURNITURE IS IN.

The elegant new furniture for the Diebold and Niebergall pharmacy at 624 Calhoun street which will make the finest equipped drug store in Fort Wayne, has arrived and is being set up. In the meantime the firm is doing a good business among their old friends, who insist on being served by the members. Everything will be in place by Saturday.

A STARTLING PROPHECY

But One That Is Based on Solid Facts.

The New York Independent states editorially: "The musical instrument generally known by the name of the Pianola has been recognized by the lay and professional mind alike as a serious and permanent musical instrument. It seems to be probable that in a few years no piano will be made without the roll mechanism as an adjunct."

The Reference Here is To THE PIANOLA PIANO

The time has passed to speculate upon the future of the Pianola Piano. It is here today as the most successful innovation in musical instruments of modern times.

There is nothing doubtful about its standing, for in thousands of homes it has supplanted the old-style piano and its popularity has extended all over the world, even into countries where no other American piano is heard of. Abroad, it has been purchased by Royalty, and in this country by eminent persons whose names are household words.

The musical trade is fully posted on the great and growing demand for the Pianola Piano, and all sorts of imitations and substitutes are now offered. Remember, then, that it is the Pianola Piano that has created the present revolution in the piano industry, and that no instrument is a genuine Pianola Piano unless it is made by the Aeolian Company.

There are four pianos, and only four pianos, that are made as Pianola Pianos—the Weber, the Steck, the Wheelock, and the Stuyvesant. Each of these is a standard in its class, each represents the highest order of musical value obtainable at anything like its price.

Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of th - girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of **Mother's Friend** before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. **Mother's Friend** overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at $1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

WEATHER.

Chicago, Sept. 26.—Forecast for Indiana—Showers tonight and Friday; rising temperature.

CITY BREVITIES.

I. Maurner, of Cleveland, is in the city on business.

F. W. Freese has returned from a business trip to Bloomington, Ind.

Tomorrow evening Fort Camp of Royal Neighbors will initiate a class of candidates into their order.

Frederick W. Keil, who was stricken with paralysis a few days ago, is recovering nicely and is now able to sit up.

Miss Jean Hosey, daughter of Mayor and Mrs. W. J. Hosey, who was recently operated upon for appendicitis at the St. Joseph hospital, is improving nicely.

B. A. Tuttle, sales manager of the Fort Wayne agency of the Oliver Typewriter Co., left this afternoon on a business trip to Angola, Waterloo and Fremont.

Miss Amelia Lindemann, of Erie street, was removed to her home yesterday from the Lutheran hospital, where she underwent an operation several weeks ago.

The three homesteads of the American Yeoman will hold an open meeting tomorrow evening. Officers Coko and Hayes will speak. The exercises will be followed by refreshments.

Notices of the first fall meeting of the Commercial club have been sent out by Secretary R. B. Hanna. President Merritt, who has recently been elected head of the organization, will preside.

The president of the S. W. Stirk circle, Ladies of the G. A. R., requests a full attendance of members at the meeting tomorrow evening, as there is business of importance to be considered.

An interurban express car on the Fort Wayne and Wabash Valley Traction Line got off the track at the corner of Calhoun and Columbia streets this morning and delayed traffic for about a half hour.

Recently George Trees sold to Sol Mier & Co. a tract of land in Aboit township, the consideration being $12,000. This is one of the largest deals in real estate in Allen county that has been recorded for some time.

George Welker and Joseph A. Haley returned from Crooked lake yesterday, being unable to stand the cold weather, high wind and waves which prevented any attempt at fishing. They had intended to remain a week or so.

Rev. Dr. Averill, pastor of the Trinity Episcopal church, will leave Friday for a month's stay in Baltimore and Richmond. During the pastor's absence Assistant Pastor Rev. William Wesley Daup will conduct the services.

Manager Rice, of the Majestic theater, has purchased the brick in the old Berry street Methodist Episcopal church, now being torn down, for residence purposes. He is preparing to erect a new home on Webster street, between Wayne and Washington streets.

Charles D. Nahrwald, a carpenter, residing at 1219 Eliza street, sustained two fractured ribs and internal injuries by falling off of a porch upon which he was working, and is now confined to his home. No serious results are anticipted, however.

The Calvary United Brethren church will have rally day next Sunday and an effort is being made to have every member present. Woman's day will be observed in the evening and Mrs. C. M. Gandy, who spent several years in the Philippines, will give an address on the subject of the islands.

Yesterday was the seventy-sixth anniversary of the birth of George W. Jones, which was celebrated by himself and a number of friends, who called to congratulate him and wish him many happy returns of the day. As is his custom, Mr. Jones danced a jig just to show his friends that he does not grow old. A younger man for his years is not alive, being thoroughly up to date in taste and manner, active as a man of forty and has an interest in everything.

HELD OPEN MEETING.

An open meeting which was attended by a large number of persons and which proved to be a most enjoyable affair, was held last night by the Mechecannochqua tribe, No. 106, Imperial Order of Red Men. A number of prospective candidates were guests of the tribe.

Progressive pedro was played, the first prize, a handsome ink set, being won by Paul Romy; the second, a handsome deck of cards, by M. L. Hill, of Arcola, while the consolation favor was awarded to C. E. Christensen. Luncheon was served during the progress of the game.

The tribe will initiate a large class on October 23, at which time it will have a big affair and entertain members of all the surrounding tribes.

Stewart Range Cooking

Makes the kitchen work a pleasure The STEWART RANGE positively represents the highest type of modern range building. If you are looking for the BEST in steel range line a STEWART is the only one to be considered. 'Tis true, they're not as cheap as the 50c oil stove we sell, but if you can stand their price, they're worth it. Two hundred families in this vicinity prepare their edibles on a Stewart Steel Range and every single one of these customers of ours is proud of his purchase. A full line of STEWARTS shown at all times.

You are welcome to inspect them even if you do not intend to buy.
